EMBEDDED SECURITY MANAGERS

ASP Security Managers are recruited based on their experience on the field and follow an in-house training and selection to guarantee best standards and service to the client. Our security managers are trained to adapt and develop the security culture of the client according to the client specific standards (if any) or will help the client to develop their own standards, procedures and assist in the implementation in line with the duty of care, and balancing cost and risks.

CRISIS MANAGEMENT

Our various operations in unstable regions have enabled us to gain experience and expertise in the field of crisis management: Quick Reaction Teams, Business continuity planning, Emergency Relocation and Evacuation, Contingency planning.

TRAINING

In an increasingly competitive and unstable world, security training and awareness are essential in order for companies to maintain control of their environment and their information.

Our trainings are intended for companies and individuals, and adaptable to their specific needs including:

- Security/Safety awareness
- Contingency planning
- Business Intelligence
- Crisis Communication
- Data protection
- Standard Operating Procedures
- First Aid & Advanced Trauma Training
- Hostile Environment Security Training

Since 1997 ASP group is providing diplomatic missions and high net-worth clients operating in high-risk, volatile, hostile, and complex environments, with comprehensive and tailored logistics and security services at very competitive price.
