

Revolutionary X-Ray Scanners for VBIED (Car Bombs) and contraband detection

Physical & Perimeter security

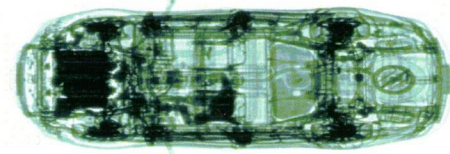

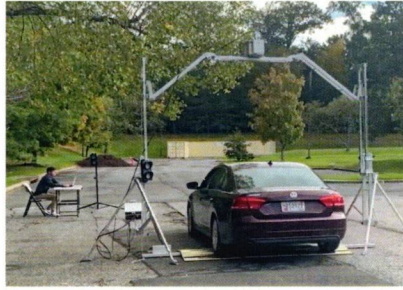

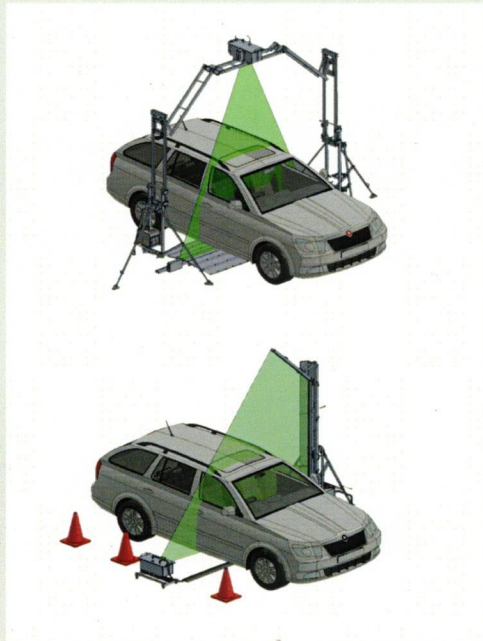

World's only fully integrated Robotic X-ray Scanner for Leave Behind Improvised Explosive Devices (LBIED) detection

For use by Bomb Squads and Law Enforcement Officers

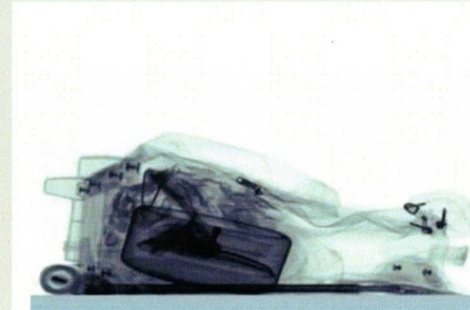

X-ray Scanning for VBIED—Car Bombs and Contraband detection

- World's only hand portable Car X-ray Scanner
- Superior Resolution
- Works off two small hand size batteries (fraction of a power compared to other scanners)
- Fixed/Portable/Customizable Installation
- Low Cost

X-ray Scanning for LBIED—Bomb Squad Use

- Rapid & Remote Deployment
- Real time & instant display of scan
- Fully integrated X-ray generator and Detectors—complete system on a customized robotic platform.
