FOR IMMEDIATE RELEASE

Pro Integration Future Asia Returns for Its 4th Edition This November with Expanded Learning Programme; Registration Now Open

- Taking place from 10–12 November 2026 at Sands Expo & Convention Centre, Singapore
- Featuring more than 200 exhibiting companies, an expanded conference programme, the inaugural Women in AVL Panel Discussion and cross-industry networking opportunities across the Safety & Security Asia series

SINGAPORE, 15 June 2026 — Nineteen APAC, part of the UK based Nineteen Group, is proud to announce that registration is now open for the fourth edition of Pro Integration Future Asia (PIFA) 2026, the region's leading platform for Professional AudioVisual (AV), Lighting, Immersive Technology and Systems Integration professionals.

Returning to Singapore from **10–12 November 2026** at **Sands Expo & Convention Centre**, PIFA continues to unite the AVL and ICT ecosystem on a dynamic platform where innovation, collaboration and technology convergence take centre stage.

PIFA 2026 will be co-located with **The Security Event Asia (TSEA), The Fire Safety Event Asia (FSEA), The Health & Safety Event Asia (HSEA),** and the **newly launched The Emergency Services Show Asia (ESSA)**, forming the broader **Safety & Security Asia (SSA)**. Together, the five co-located events are expected to attract more than 13,000 industry professionals from across APAC, creating valuable opportunities for cross-sector networking, collaboration and business growth.

This year's edition is set to feature **more than 200 international and regional exhibiting companies** showcasing the latest advancements in AVL, immersive experiences, smart integration and connected technologies across multiple industry sectors. Confirmed exhibiting brands include **Ideal Systems, Total Solution Marketing, StageEquip, INFiLED,** and many more, presenting cutting-edge solutions spanning professional audio, visual display technologies, lighting systems, control solutions, digital experiences and intelligent environments.

Expanded Learning Programme to Explore the Future of AVL Integration

A key highlight of PIFA 2026 is its expanded conference programme, featuring thought leadership sessions and panel discussions exploring critical themes such as *AV + IT + AI convergence, immersive and spatial experiences, lighting innovation, house of worship technologies and the future of integrated*

Organised by:

environments. Industry leaders, consultants, integrators, and end users will come together to exchange insights on the evolving demands shaping the AVL ecosystem.

New for 2026 is the launch of the **Women in AVL Panel Discussion**, taking place at the Networking Lounge. This dedicated session will spotlight influential women across the professional AVL industry, fostering conversations around leadership, inclusion, mentorship and developing the next generation of industry talent.

PIFA is also proud to continue its **strategic partnership with the Pro Audiovisual & Lighting Integration Association of Singapore (AVLIAS),** reinforcing the event's commitment to industry advancement, regional engagement and meaningful collaboration across the AVL community.

George Lim, President at AVLIAS
"PIFA has firmly established itself as a mature and influential platform for the professional AVL industry. Its successful expansion into the UK earlier this year is a testament to the growing demand for both Pro AVL and smart workplace technologies worldwide. As technology continues to evolve at an unprecedented pace, industry professionals need access to relevant insights, practical knowledge, and meaningful discussions that help them adapt and stay ahead of change.

PIFA 2026 brings together these opportunities under one roof—creating a valuable environment for learning, collaboration, innovation, and business growth. We encourage AVL professionals, technology leaders, consultants, integrators and end users from across Asia Pacific to join us this November as we connect, build partnerships and collectively shape the future of integrated experiences."

Further strengthening the event's regional reach is the support of key organisations including the **Singapore Photographic & Digital Imaging Trade Association (SPDA), Singapore Institute of Building Limited (SIBL), Pro AVL Philippines, Global Signage Alliance (GSA), Association of Advertising & Marketing Singapore (AAMS)** and more. Their participation underscores PIFA's growing influence as a hub for innovation and industry development across Asia-Pacific.

PIFA 2026 will also feature a distinguished lineup of **Industry Ambassadors, including Carlo E. Balita Jr., Jackson Yeoh, Zubaida Nila, Dato' Ambran Abu Bakar, and Fintan McKiernan**, alongside other respected leaders and advocates from across the AVL and integration landscape. Their involvement reflects the event's continued focus on driving dialogue, inspiring collaboration and advancing the professional AVL industry across the region.

Tristan Norman, Group Managing Director at Nineteen Group
"The growing demand for professional AVL solutions, integrated technologies and smart workplace environments is being driven by rapid convergence across industries, from live events and retail to corporate and hospitality spaces. As systems become more connected and experiences more immersive, there is a clear need for platforms that bring the ecosystem together.
PIFA sits at the centre of this shift. It brings together global innovators, integrators, consultants and end users in one place, creating a focused environment for discovery, collaboration and real business opportunities. With its international reach and co-location within Safety & Security Asia, it offers a unique meeting point for the industry in Asia Pacific."

PIFA provides a unique platform where East meets West, connecting global innovators, solution providers, consultants, integrators and end users. By bringing together expertise, technology and business opportunities from across international markets, the event creates an environment where meaningful partnerships are formed, knowledge is shared, and business gets done. We look forward to welcoming the industry to Singapore this November as we continue to drive innovation and shape the future of integrated experiences across APAC and beyond."

As APAC's most comprehensive showcase for integrated technologies and experiences, PIFA 2026 is set to deliver its biggest edition yet —bringing together global innovators, solution providers, system integrators, consultants, and enterprise buyers under one roof to shape the future of immersive and connected experiences across Asia. **Registration is now open, and industry professionals are encouraged to secure their place and join the region's leading gathering for AVL, immersive technology, and systems integration.**

Visitor registration is now open.
