craftsmanship,  
a brush to be  
proud of!*

**EXQUISITE  
ANGLED SERIES**

Meet our latest series: the Exquisite Angled Series. The Exquisite Angled brushes feature a unique 100% synthetic fiber in our signature purple color. Perfect for cutting in around doors and frames, and suitable for both water-based and synthetic paints.

New!

**APPLICATION AREA:**  
- WATER-BASED PAINT  
- SYNTHETIC PAINT

2040  
EXQUISITE PEARL ANGLED

**SCRAPERS &  
STRIPPING KNIVES**

Staalmeester® scrapers & stripping knives are made of the most robust materials, so that they last a long time, and work faster than traditional scrapers. They're available in different shapes, so they can be used on any surface.

**ONE SERIES**

Our top segment! The One by Staalmeester® fibre mix is ideally suited for varnishing. The bristles have a very high absorbency and elasticity, which results in a brush mark free result.

**APPLICATION AREA:**  
- WATER-BASED PAINT  
- SYNTHETIC PAINT

*Quick  
guide*

## CLASSIC SERIES

Both the black and white bristle brushes in the Classic series are made of a synthetic fiber blend with the properties of high-quality hog bristles. The brushes are solid and resilient and therefore ideally suited for oil-based paints.

- SUITED FOR:**
- OIL-BASED PAINTS
  - WAX
  - MILK PAINT

## ORIGINAL SERIES

The Original series is the most popular series in our collection. These brushes contain the Staalmeester® fibre mix, a combination of white natural Chungking hog bristles and synthetic bristles. This handmade brush series is designed for all types of water-based paints.

- SUITED FOR:**
- WATER-BASED PAINTS

## PRO-HYBRID SERIES

The Pro-Hybrid series features our 100% synthetic fibre. These fibres offer good paint absorption and provide the right balance and resistance for easy processing of the paint. In addition, the very supple and soft bristles create a brush mark-free result.

- SUITED FOR:**
- WATER-BASED PAINTS
  - OIL-BASED PAINTS

## PREMIUM MICROFELT ROLLERS

HIGH-END MICRO FIBRE

The Staalmeester® premium microfelt rollers are provided with unique high-end microfibres. These paint rollers are suitable for processing all lacquers and varnishes and give a very smooth result!

- SUITED FOR:**
- WATER-BASED PAINTS
  - OIL-BASED PAINTS
