INDUSTRIAL REFRIGERATION SERVICES

COOLER THINKING SINCE 1990

Founded over 30 years ago and built on a reputation of quality services and cost saving solutions. We are experts in energy management, embracing all aspects of industrial and commercial users of refrigeration, air conditioning and heat exchange systems.

From initial assessments through to specification, installation, commissioning, facilities agreements, servicing, repairs, service contracts and energy management, the synergy of our services provides an holistic view of a business to deliver the best solution.
