One bag for everything.

Adapt is a messenger and backpack bag all in one. Carry it on your back or over your shoulder depending on what your day demands. Adapt fits up to a "15 laptop, has multiple internal organisation compartments and a fold down front section for easy access – Why have multiple bags when you only need one.

Adapt without compromise.

Adapt is made from 100% post consumer plastic waste, the carry all bag that reduces your need for owning multiple bags and is fully recyclable at the end of its life, working hard for you and the planet.

The Details

- 2 types of strap configuration allows you to carry as a backpack or messenger bag.
- Padded back support that zips open to hide backpack straps when not in use.
- Adjustable and removable shoulder strap with shoulder support for extra comfort.
- Easy access, padded rear laptop sleeve (up to 15")
- Fold down front sections with integrated phone or tablet stand for easy access, so Adapt can be used on any worksurface.
- Multiple internal organisation pockets for plugs, cables, pens and notebooks.
