A Stylish Welcome in 35 Colours

Welcome guests to your home with a stylish first impression, thanks to the IG Doors Colour Collection.

With 35 shades to choose from, you are sure to find something that suits your project's style - be it calming pastel hues, cool greys for a modern look, or a bright sunny shade for maximum impact. Complete the look with coloured frames, matching or complementary.

10 Classic Colours

A curated set of 10 classic colours, incorporating some of our most popular door tones are included as standard. Modern designs can be given a sleek crisp look with anthracite grey, whilst more traditional doors can complement classic properties with Tideway blue.

25 Premium Colours

No matter what your project needs, our comprehensive range of 25 premium colours offer something to suit every style. Choose from classic heritage shades like willow, or opt for something bolder with zinc yellow, to add a touch of personality to any installation.
