Join our network of Independent Technical Assessors

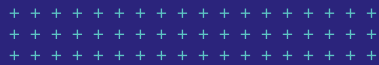

Becoming a technical assessor for UKAS provides a unique and rewarding opportunity for industry professionals to expand their skills and enhance their career alongside their current role on a third-party sub-contract basis. Full training is provided in the relevant accreditation standards.

UKAS uses Technical Assessors to assist in the assessment of technical competence and capability within a conformity assessment body. This includes validity of technical operations, appropriateness of equipment and competence of staff.

Specific areas in which we are looking for independent assessors are listed to the right. This list is not exhaustive and we always welcome speculative applications across other areas of expertise.

Assessor areas we are currently looking for:

- + Management Systems Certification (QMS)
- + Optical calibration
- + Accelerometry calibration
- + Force calibration
- + Torque calibration
- + Construction Materials Testing
- + Analytical Chemists in Environmental Chemistry, Metals/Alloys testing, Paints/Coatings, Oil and Gas and General Chemistry
- + Fire/Flammability testing
- + Asbestos
- + Forensics – Crime Scene Investigation, Digital Forensics, Firearms
- + Carriage of Dangerous Goods
- + Fire Testing/certification
- + UKCA Marking
- + Medical Laboratories – consultants
- + eGaming
- + RF electrical

Think you have the right skills and expertise to become a UKAS Technical Assessor?
