DIGIWAY Door Automation

For installers:

Fully customisable parameters with super simple programming

DIGIWAY provides a universal automation solution for both interior and exterior doors, adaptable for both single and double doors.

With a built-in receiver and free programming app, all parameters can be quickly and easily configured for simple and successful installations.

Ideal for homes, business, and public buildings

Up to 225,000 opens a year for moderate to intensive use

Free installer training available from CDVI's in-house experts

Fire Safety

The DIGIWAY Spring Return is **fire-tested** to the EN1634-1 standard, for withstanding fire for up to **60 minutes**.

DIGIWAY can be easily connected to fire signals to **automatically respond** in case of emergency. The door can be set to lock, unlock, close, or swing freely in the event of a fire.

For your customers:

A reliable, durable, aesthetic solution for improved mobility

Give customers better accessibility, better security, and better hygiene in one simple solution.

Integrate with access control for full building visibility

Sleek, cable-free ergonomic design for any interior

Combine with touchless and wireless solutions

No cables on either side, for an aesthetic solution for any interior

Compact electric motor ensures quiet, discreet operation at all times

Combine with access control solutions for better building security and full visibility

The only way to ensure truly touchless door entry for enhanced hygiene and reduced risk

DIGIWAY Door Automation

New for 2021

DIGIWAY is evolving.

The launch of the new DWAA articulated arm marks the beginning of a new generation.

DWAA brings better mobility, improved aesthetics, and greater flexibility. DIGIWAY improves accessibility for **everyone**.

- **Robust architecture**
- **Two spherical joints**
- **Up to 11° joint movement**
- **Two tube extensions**
- **Suitable for fire doors**

Cross-compatible for both DIGIWAY PLUS and DIGIWAY SR operators

Manufactured in stainless steel for a sleeker, more discreet appearance.

Smooth and easy adjustment with the new sliding arm mechanism

Innovation at your fingertips

Smartphone assistance and Bluetooth technology to make every installation a breeze.

- Mirrors the readout of the LCD screen on the DIGIWAY operator
- Connects to the operator via built-in Bluetooth technology
- No fiddly programming - do it all from your smartphone

Download for free on
iOS and Android devices
- search **DIGIWAY BLE**
in your app store.
