## PROXIMITY READERS/ MOONARWB - Flush

### Product description

The MOONAR from CDVI is the latest proximity card reader.

The stylish new reader is available in both black and white. As with the other readers from the range (NANO, STAR and SOLAR), the MOONAR gives an anytime status of the door through multi-coloured LED's.

The MOONAR is a high performance reader, is flush mounted and is easy to mount. The read range is between 4 to 10cm depending on the card.

### Key features

- Stylish design
- Low power consumption
- Available in black and white
- Audible and visual feedback
- Multicoloured LED
