KEYPADS/ GALEO-R - Wireless keypad

Product description

The stylish GALEO-R has been developed to offer a keypad solution to areas where it is difficult or uneconomical to run cables either indoors or outside.

The keypad has 22 individual user codes of 5-digits, with a master code which is used to enter the programming mode. There is audible feedback from the keypad which indicates to the user if entry has been granted or not.

The keypad is compatible with all CDVI receivers in the RX26* range.

Key features

- Wireless RF keypad
- Remote receiver* for added security
- Up to 200m range
- Blue backlit keypad
- Internal or external

Digicode®

 *Certification*

 *DEEE*

 *Certification*

 *IP64*

 *-25°C to 70°C*

Product Information

Material: Alloy Zamak®

Frequency: 433.92MHz

Modulation: AM/ASK

Coding: Rolling Code Keeloq®

Channels: 2, A & B keys

Range: Up to 200 in open field

Mounting: Surface, Torx® screws

Electrical specification

Consumption:

Standby: 0.8uA

Working: 28mA

Supply: 3.6V (LS14500 Lithium battery included)
