# Sustainability

Innovation has always been at the core of ICOLUX'S operations, from cutting-edge products to continually improved corporate procedures. Our Environmental, Social and Governance agenda, which is aimed at building a better future for people and the earth, is also driven by innovation. We make every effort to keep our operations as environmentally friendly as possible, which includes reusing, recycling, and minimizing the amount of solid material and water utilized in the production process.

At ICOLUX, our commitment to sustainability goes beyond just our products and business practices. We continually challenge ourselves to do better every day, in making decisions and clearly define that which is vital as we strive to create value for future generations

**2013**

We have been in the market from last 10 years

**2021**

We step into the Manufacturing from last 2 years with the name ICOLUX PORCELANO LLP.

## HEAVY DUTY TILES

Durable and visually appealing, our heavy-duty parking tiles perfectly harmonize strength, durability and beauty. Available in different shades and designs, our parking tiles are all you need to turn your parking area into a premium parking space.

# Our Production

ICOLUX, has formed partnerships with top technology companies to offer cutting-edge, superior surfaces to customers. In our opinion, our advanced technology has not only increased our output and product quality but also improved the company as a whole. Thanks to our cutting-edge digital printing technology, we are now able to capture the tiniest details more vividly which in turn allows us to stay ahead of the trend.

# Our Packaging

Icolux Porcelano LLP, extra mile when it comes to packaging. As packing plays an important role in exports, we take extra care to make sure that your shipment reaches you in perfect condition without damage or defect. As of now, we offer Jungle wood packing, Metal angle packing, and Euro Pallet packing - all of which are carried out with precision and provide the utmost protection.

Packed Well  
To Ensure  
**Safe Shipments**

# Our Certification

# Where Quality Meets Craftsmanship.

ICOLUX is a premium vitrified tile brand driven by a commitment to excellence, precision, and timeless design. Backed by internationally recognized quality certifications, every ICOLUX tile is manufactured using advanced technology and carefully selected raw materials. From surface finish to structural strength, strict quality checks at every stage ensure products that meet the highest industry standards.

Designed for modern living and enduring performance, ICOLUX vitrified tiles offer superior durability, consistency, and aesthetic appeal. Whether for residential or commercial spaces, each tile reflects the brand's promise of quality, reliability, and long-lasting beauty, making ICOLUX a trusted choice for spaces that demand both style and strength.
