Simpson
Associates

AI Front-Door

Unlock instant answers with our AI-powered solution. Optimise your website, improving user experience and satisfaction by utilising advanced Generative AI technology.

What is the Simpson Associates AI Front-Door?

Are you struggling with information overload and issues with website navigation, therefore leading to decreased customer satisfaction?

Our AI Front-Door is the solution. Acting as a dedicated guide, it will seamlessly direct people to the precise information they need on your webpage. Our AI-powered platform delivers instant, accurate answers with unmatched efficiency, providing a solution to the complications that many organisations face in all sectors.

We understand the challenges that organisations face in making critical information accessible. Despite best efforts, people often struggle to navigate complex websites and long documents. Our AI Front-Door revolutionises this process using advanced Generative AI technology. We help you save time, reduce complications, and increase the effect of your organisation, utilising the power and benefits of AI.

Features

- Our web-based application offers secure user logins for anytime access.

- This solution can handle multiple document formats, including text, PDFs, & more.

- Quick & easy access to essential information with integrated search capabilities.

- Secure, scalable and easily integrated with your existing website.

- Delivers precise query resolution with Natural Language Processing.

- Inbuilt workflow management streamlines complex queries for efficiency.
