# Response bags

## ERB Mark II - Emergency Response Bag

The ERBII (Emergency Response Bag) for Paramedics, First Responders, and EMTs features a wipe-clean PVC outer material to help you comply with infection control and prevention requirements and is an update to our best selling DS Medical Emergency Response backpack. Whether soiled with mud or blood, simply wipe clean and you are ready to respond with your emergency equipment.

Key product features:

- Wipe-clean polyester with flexible PVC coating - easy to clean and improved infection prevention & control
- Developed to comfortably and securely hold a CD oxygen cylinder and defibrillator
- Front panel clear vinyl ID window
- Available in a range of colours - distinguish between clinical grades and/or teams
- An ideal initial emergency response bag for first responders and event medical providers

**£183.54 (INC. VAT)**

## Premier Response Bag

The DS Medical Premier Response Bag for Paramedics, Doctors and Nurses represents the next generation design and superior quality of medical response bags for all your emergency needs. Made in the UK.

Key product features

- Constructed of anti-bacterial 840 denier, fluid repellent Cordura fabric
- Interlocking zippers for added content security and ideal for make-ready security tagging
- Rucksack style with two grab handles (top and one side)
- Six hard plastic, 18mm raised domed feet help protect the triple Cordura layered base
- Removable centre flap with netted pockets for greater storage
- Enhanced visibility - reflective herringbone markings on the front, side and straps
- Clear view pouches with front-facing identification wallets for rapid identification of contents
- Includes a range of external and internal pockets/pouches

**£342.00 (INC. VAT)**

## Bespoke & Personalised Emergency Response bags

Having the necessary equipment to hand is vital in responding to a medical emergency.

We understand that sometimes a 'one size fits all' approach doesn't work when it comes to medical bags, and we offer a bespoke and personalised service to help fulfil all your individual requirements.

Having previously worked with Hampshire Fire and Rescue, Great Ormond Street, the RNLI and West Midlands Ambulance Service, we've got all the knowledge and experience to help provide you with a bag suitable for all your medical needs. And what's more - all our bags are manufactured in the UK!

If your organisation is looking for a complete medical solutions partner then contact the experts at DS Medical - [info@dsmedical.co.uk](mailto:info@dsmedical.co.uk) or call us on 01329 311451.

## LEATHERMAN Raptor Medical Shears

The choice of many emergency responders, the Leatherman Raptor Medical Shears feature the necessary tools for uniformed professionals to safely and quickly work in an emergency situation. Developed with the input of special operations medics, EMTs and fire professionals the Raptor has just the right balance of features for medical - specific ops without an overkill of tools to complicate sometimes life-threatening situations.

Key product features:

- Stainless Steel
- 25 Year manufacturer warranty
- Replaceable Pocket Clip
- Glass-filled Nylon Handle Scales
- Lanyard Hole

**£83.82 (INC. VAT)**

## XSHEAR® 7.5" Heavy Duty Trauma Shears

The XSHEAR® is a revolutionary new heavy-duty trauma shear. Be the envy of your colleagues with these incredibly capable shears, specifically designed by a medical professional.

Key product features:

- Hardened stainless steel blades that are twice as thick as most trauma shears, sharpened to a razor edge
- BLACK TITANIUM coating on blades provides extra durability and a sleek matte black appearance
- Patented blunt tip and curved design for gentler edge near the skin
- Soft-touch inner handles for comfort and slip resistance
- A heavy-duty centre bolt won't loosen over time
- 5-year Warranty

**£53.94 (INC. VAT)**

# About DS Medical

At DS Medical we believe in excellence in pre-hospital and primary care. Founded by ambulance personnel, we became distributors of medical and first aid supplies to the pre-hospital care market. With four decades of expertise and industry knowledge; medical, fire & rescue and allied professionals can expect a personal and efficient service, so you can deliver quality healthcare that saves lives.

DS Medical stock medical supplies for all stages of medical services, from first aid and first response equipment, training & education to diagnostics, patient handling and treatment as well as personal equipment and clothing. As a customer, you benefit from our collective knowledge, long established supplier relationships and next day delivery options for all of your medical supplies. We always aim to offer our customers the best possible quality of service and welcome any feedback you may have for us.

## Our Values

Our values have not altered in almost four decades of trading. Our customers are our most valuable asset and we pride ourselves on doing our best to look after each individuals or organisation needs. We believe keeping it simple, makes it easy to focus on what matters most:

- Honesty and integrity in all our dealings
- Developing a lasting relationship with our customers
- Providing quality, leading brand products at competitive prices
- Deliver a service that exceeds expectation
