- Fire & Rescue Equipment general.
- Rope & Water Rescue equipment.
- Lighting, Power & Generators.
- Thermal Image Cameras & Radios.
- Vehicles & Trailors: new and used.

Operational Ladders & Rescue Platforms: - to BSEN-1147-2020.

Services Offered:-

- **Inspection, Testing, Maintenance;** for all types of Equipment.
- **Ladder Inspections, Maintenance & Testing,** done on site.
- **Training course,** Inspections, Maintenance, Testing.

Ladders, Beam Gantries, Rescue Platforms:-

Our range of ladders and height safety equipment is manufactured by our Austrian partner's; "JUST LIETERN AG" who are Europe's largest and oldest manufacturer of ladders, platforms, and working at height equipment.

All our Fire Service ladders are manufactured to "BSEN-1147-2020", and have proven to be: - Stronger, Lighter, Safer. Whilst also being easier to Use and Maintain than all previous rivet truss construction ladders, and having **NO Life limitations:** - makes them a very cost-effective option.

For additional details or to arrange a demonstration please visit our web site www.fire-ladders.co.uk or contact myself.

Mr Andrew Bolt. (UK sales director).
