PELI

PROTECTOR CASES

The world's most trusted case

From industrial to emergency services and military applications; and with starring roles in blockbuster movies along the way – Protector has been the first name in protective cases for decades.

**“The case is extremely robust.
The inserts are easy to customise
for your specific requirements
and afford excellent protection.”**

ROGER E. – TRUSTPILOT

STORM CASES

The evolutionary addition to the Peli™ range

Combining press and pull latches, with its smooth and lightweight HPX™ construction, Storm has become a choice synonymous with those demanding Peli protection with a refined finish.

AIR CASES

The case that redefines the mould

Combining an evolutionary design and construction with a next generation HPX™ resin; Peli™ Air is up to 40% lighter than its peers, but is still built Peli-tough.

“Light and strong –
perfect for air travel.”

KEN J. – TRUSTPILOT

PELI[™] AIR

A grey Pelican Pelican Air case is shown from a top-down perspective. The case is open, and a large, dense spray of pink and white confetti is being ejected from the top opening. The confetti consists of many small, shiny particles and some larger, flat pieces. The case has a black label on the top surface with the text 'PELI AIR' in white and orange. The background is dark, making the bright confetti stand out.

CASE

LAPTOP CASES

Your office . . . protected

Highly customisable layouts accompany this extensive range of personal laptop and electronic device cases. The Laptop series is also designed to relieve you of "Baggage Claim Dread", should you ever need to check it in for a flight.

CRUSHPROOF

LIFETIME
GUARANTEE

RANGE OF STYLES

MULTIPLE INSERTS

SHOULDER STRAP

DOCUMENT
STORAGE

A close-up, low-angle shot of a laptop keyboard. The keys are dark, and several water droplets are scattered across the surface, particularly on the left side. The lighting is dramatic, with a strong light source from the right, creating a bright highlight on the right edge of the keyboard and casting deep shadows elsewhere. The background is dark and out of focus, with some bokeh light spots.

**“If you have an
expensive laptop
to protect – this
is a must buy.”**

PAUL H. – TRUSTPILOT

“Provides good secure
and robust storage”

TREVOR – TRUSTPILOT

TOOL CASES

Next-level tool organisation and protection

Designed with the professional engineer in mind, the Tool Case series is crammed with optimised tool storage solutions. Rugged and user-friendly, this range provides uncompromising protection for your investment.

RANGE OF SIZES

TREKPAK™

The endlessly
customisable and
elegantly designed
divider system

TrekPak allows you to make full use of the space available inside your case. The rigid divider pieces can be easily cut to size and then connected using the pins and ribbons. As your setup changes, your TrekPak can be reconfigured as required.

ELECTRONIC & SPECIAL CASE INSTALLATIONS

PANEL FRAMES

Panel frames are brackets that are secured to the inside of Protector cases to mount electronics or instrumentation panels. Panel frames come with an o-ring seal, ensuring the case remains watertight, even with an open lid.

BEZEL KITS

Bezel kits are the Storm case equivalent of a Panel Frame. They are made from aluminium and can be mounted in either the lid or the base of the case, depending on your requirements.

FOAM LASER ENGRAVING

We are able to engrave an intricate design into foam using a highly accurate laser to achieve a crisp finish, whether it's for your branding, logo, or even batch identification.

CUSTOMISATION SERVICES

CUSTOM DECALS

Custom decals are a great way to add a professional touch to your case, while raising awareness of your business or brand, particularly for OEM customers and companies.

NAMEPLATES

Compatible with most Peli Protector cases, personalise your case with an engraved nameplate, to identify your company, brand, or equipment serial number.

SCREEN PRINTING

Make your brand or business stand out just that bit more by having your company logo screen-printed directly onto the exterior of your case.

PADDED DIVIDERS

The most shock absorbent and adaptable way to protect your gear.

The Peli™ Padded Divider range has been used by many industries since their introduction into the market over 20 years ago. They are comprised of impact cushioning foam, wrapped in looped nylon, bookended with velcro folds, designed to fit perfectly within your case and can be easily reconfigured as your contents changes.

RECONFIGURABLE

VELCRO
ATTACHMENT

SHOCK
ABSORBENT

LID ORGANISERS

Transform the lid of your case into a user-friendly storage space.

Across the Peli range you'll find a multitude of lid organisers custom designed for over 20 cases. Using a combination of pockets, wallets, straps and zips, the Peli have created the largest range of lid organisers in our market.

SPACE EFFICIENT

ZIPPED POCKETS

EASY SETUP

PICK 'N' PLUCK™ FOAM

Three decades of absorbing impact and moulding to contents.

Pick 'N' Pluck has been a staple of the Peli range since the very beginning and continues to be the most popular way to protect case contents. The pre-scored cubes allow the foam to be easily shaped around your gear as needed, protecting against knocks and drops in transit.

IMPACT
RESISTANT

PRE-SCORED
CUBES

EASY SETUP

MOLLE PANELS

A rigid, durable lid insert to effectively use and optimise the case's lid space.

The Molle panel enables the user to attach an unlimited combination of their own MOLLE pouches and Velcro™ straps to the inside of the case lid to organise gear to their own exact requirements. These panels use twist-cam locks to detach from the case for a swift changeout.
