

# ABOUT DATAMINR

Customers in  
**160+ COUNTRIES**

Used By  
**1,500+ NEWS ROOMS**

**800+**  
Employees

Our AI platform processes information from more than 800,000 publicly available data sources and translates from 150+ languages. Improve overall awareness by receiving real-time, breaking news alerts from across the public information landscape, including: social media, blogs, information sensors, and the deep/dark web.

## PRODUCTS

Pulse, Dataminr's product for the private sector, provides real-time alerts of high-impact events, plus rich visual context and tools to help you collaborate—so you can protect your people, your brand and your physical and virtual assets.

powered by  Dataminr

First Alert, Dataminr's product for the public sector, delivers real-time, breaking news alerts to help you make critical decisions with speed and confidence.

Dataminr for News, our product for newsrooms, is the AI tip line that helps you find stories faster — equipping you to discover and describe with confidence the events that define a story as it breaks, evolves, and resolves.
