Case Study

Perth Children's Hospital.....	34
--------------------------------	----

Welcome

OtterBox started defending and enhancing technology more than two decades ago. Along the way, our expertise in device protection, custom solutions and customer support has grown exponentially. From device cases to mobile accessories, we engineer innovation that elevates productivity and safeguards connectivity. Because wherever you are — care facility, ER or in the lab — OtterBox has tech covered.

In today's increasingly connected healthcare environment, providers rely on their digital devices just as much as their intuition. Whether checking charts on their tablet or checking appointments on their phone, they lean on technology to deliver optimum care. OtterBox keeps the workflow moving, so frontline professionals can keep the wellness coming.

Clean your Case

Centres for Disease Control and Prevention recommends cleaning and disinfecting frequently touched surfaces to eliminate bacteria, dirt and viruses — this includes phones and tablets. All OtterBox cases are tested with CaviWipes®, Purell® and Curad (70% rubbing alcohol) to ensure regular sterilisation with these products does not impact on case performance.

Case sanitising tips

- Remove case from device and go over it with a germ-killing disinfectant wipe.
- Soak case in soapy water and give it a good scrub, just as you would your hands.
- Clean your case regularly — phones and tablets collect the same germs that we do.
- For more tips on how to clean your specific device, consult manufacturer for details.

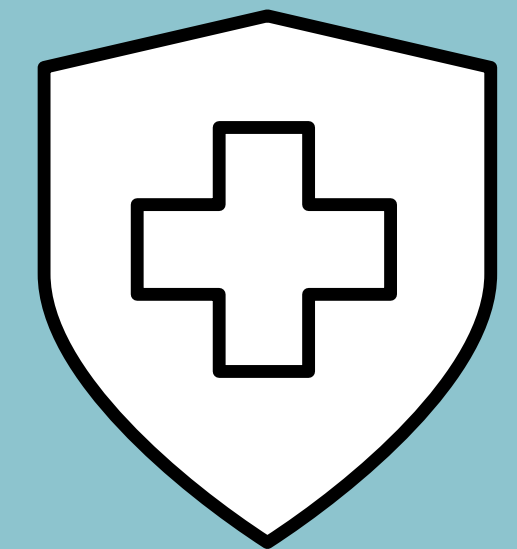

Antimicrobial Technology

We are passionate about delivering the defence you need, and are constantly working to ensure we offer the best protection for your device. In the current climate, our engineers have recognised the need to incorporate antimicrobial technology into our cases and screen protectors. This enables us to offer not only our trusted **DROP+** protection, but also around-the-clock hygienic antimicrobial protection for the expected lifetime of a product.

How does antimicrobial technology work?

Antimicrobial technology works at a cellular level to continually disrupt the growth and reproduction of microorganisms. Once infused into a product, antimicrobial technology will start to work as soon as a microorganism comes into contact with the protected surface.

*Helps protect the surface of your case/screen protector against many common bacteria. It does not protect you or the screen.

Hassle free customer service

We stand by our products. That's why we guarantee them from material and workmanship defects under normal use and service.

- Reassures your customers their purchase isn't a risk
- Covers defects in manufacturing, material and/or workmanship under normal use and service for the lifetime of the product
- The premium price gives your customers a premium product backed by 20+ years of tested, trusted OtterBox protection
- All of the above means, there is more to the purchase price than just the product

Save time. Cut waste.

PRO Pack represents OtterBox's pledge to reduce environmental impacts by curtailing packaging waste. Choose these streamlined, time-saving packaging options and help us move closer to a more sustainable future. Our logo on the PRO Pack sleeve ensures that you're receiving certified OtterBox products.

No Retail Packaging

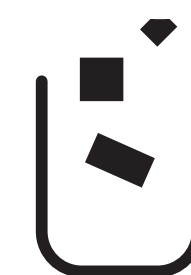

SAVE TIME

Zero time spent opening up individual packages

EASY INSTALL

Simply open shipper and install on devices

LESS WASTE

Eliminates unnecessary retail package materials

Passion for Protection

DROP+

DROP+ is more than a certification, it's a promise that every product we make is ready for whatever life throws at it.

We test OtterBox cases for everything you can think of. And a lot of things you probably wouldn't even imagine. Each OtterBox case must pass every test before it receives the **DROP+** accreditation.

When you choose an OtterBox **DROP+** certified case, you know that you can rely on 20+ years of tested, trusted OtterBox protection.

What is Military Standard?

Military Standard (MIL-STD) is a series of tests designed by the U.S. Department of Defense to determine the overall durability of a product.

It requires a case and device be dropped 26 times from 4 feet* onto concrete covered by two inches of plywood so the edges, corners, front and back of the case can take multiple impacts.

Testing to Military Standard is our baseline. Our OtterBox engineers have developed our **DROP+** program to go beyond Military Standard.

*4 feet = 1.22 metres

DROP+ Protection Levels

DROP+

Tablets

<i>Series</i>	<i>Drop Height</i>	<i>MIL-STD Test</i>	<i>Total Drop Count</i>
Defender Tablet	4ft	2x	52
Unlimited Tablet (77-82948)	6ft (to concrete)	1x	26
ResQ Tablet	6ft (to concrete)	1x	26
Unlimited Folio Tablet (77-82949)	4ft (to concrete)	1x	26
Symmetry Folio Tablet	4ft	1x	26

DROP+
TESTED to MILITARY STANDARD

ANITMICROBIAL
TECHNOLOGY

FEATURES

- DROP+ | Tested to MIL-STD X 1 | Drop tested from 6ft to concrete
- Waterproof and dustproof (IP68 – tested for 30min under 2m water)
- Antimicrobial case material helps protect the case exterior against many common bacteria*
- Attachable and adjustable hand strap and shoulder strap included
- Reinforced corner bumpers for added drop protection
- Built-in screen protector maintains touchscreen responsiveness
- Chemically tolerant material enables frequent case disinfection for enhanced safety †

*It does not protect you, the screen, primarily-interior pieces or holster. Active ingredient: silver phosphate glass.

† Tested with Isopropyl Alcohol (70%), Metrex CaviWipes, PDI Sani-Cloth Bleach Wipe (0.63%), PDI Super Sani Cloth Wipe and Certol ProSpray Wipes.

Defender^{Series} Tablet

DROP+
2xTESTED MILITARY STANDARD

FEATURES

- DROP+ | Tested to MIL-STD X 2 | Drop tested from 4ft
- Port covers block dust, dirt and debris from getting into jacks and ports
- Multi-layer protection from the inner shell, outer slipcover, built-in screen protector and shield stand
- Versatile device stand provides added touchscreen protection and converts into a stand for comfortable typing and hands-free viewing
- Shield stand stores and protects your Apple Pencil
- Access for Apple Pencil charging and pairing

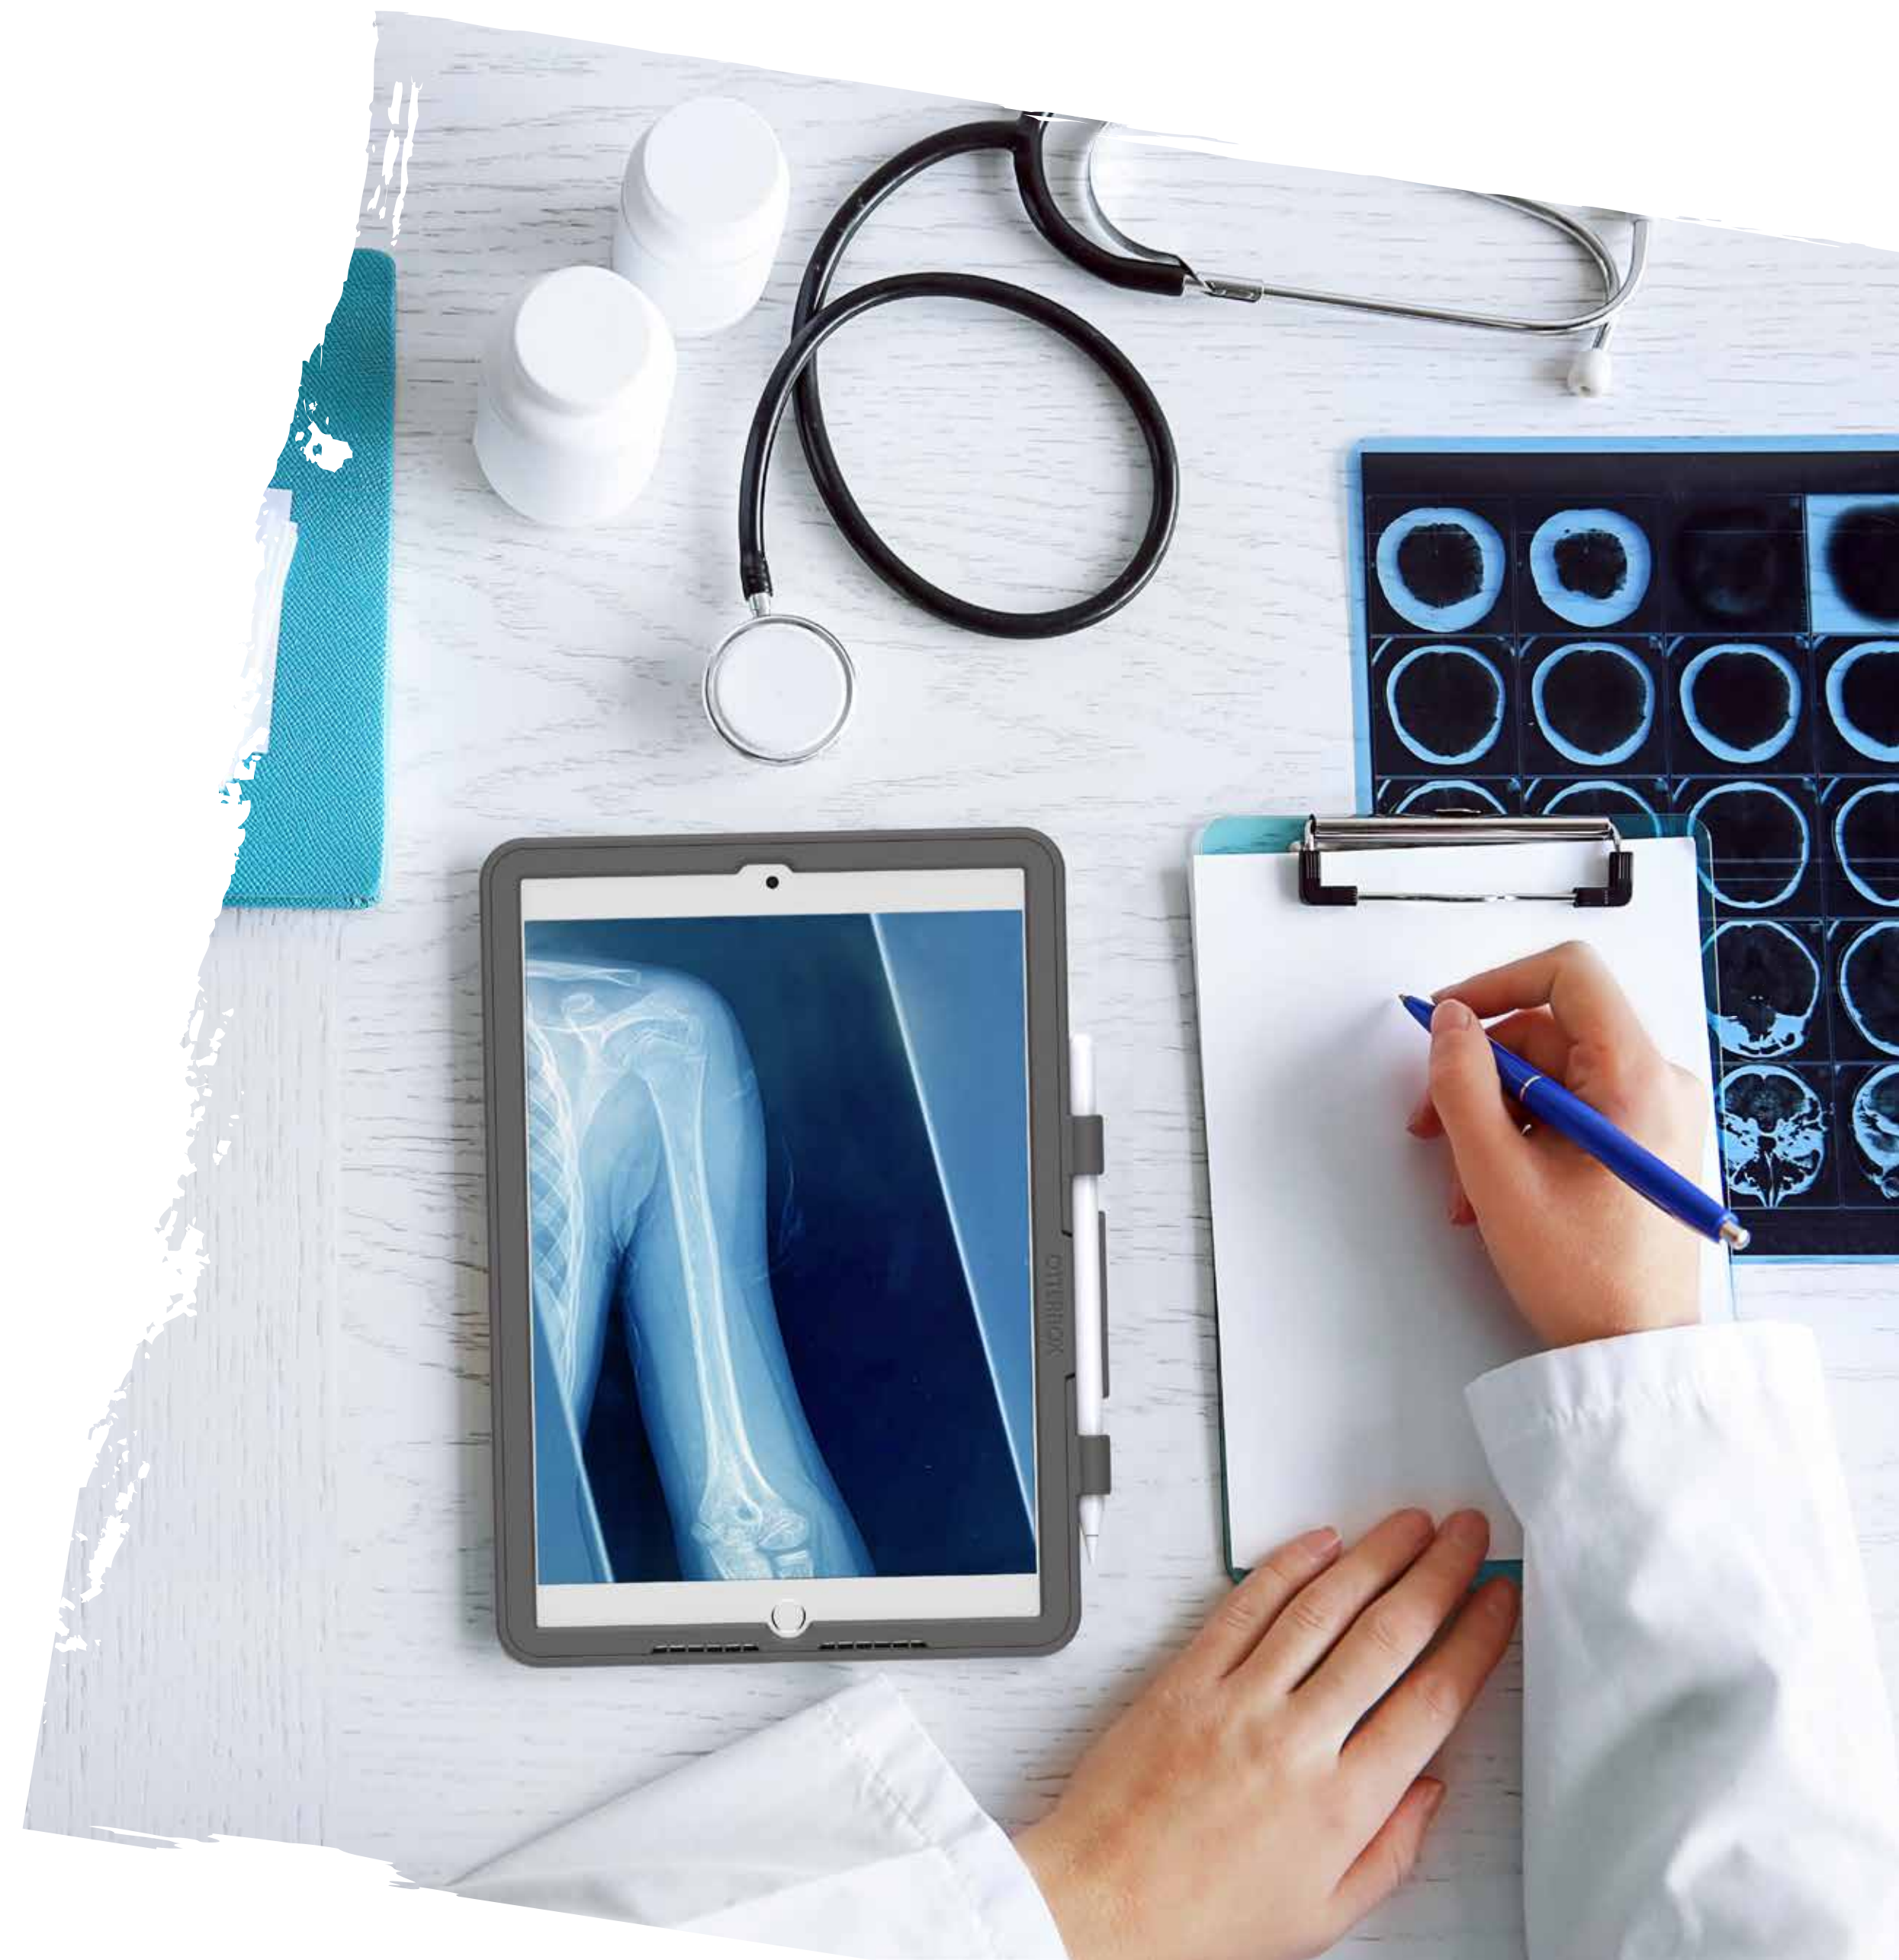

UnlimitEd

DROP+

FEATURES

- DROP+ | 24+ tests including thermal shock, abrasion and drop
- Reinforced solid shell delivers added strength and durability
- Slim, lightweight tablet case with integrated screen protector
- Clear back accommodates quick view of asset tags and engraving
- Speaker openings direct sound forward for enhanced listening experience
- Stronger stand accommodates a landscape viewing angle and a comfortable typing angle that also reduces glare
- Fits most charging cart slots with case installed
- Works with common tablet accessories like Apple Pencil

UnlimitEd

with Kickstand, Hand Strap & Screen Protector

DROP+
TESTED TO MILITARY STANDARD

FEATURES

- DROP+ | Tested to MIL-STD X 1 | Drop tested from 6ft to concrete
- Reinforced corner bumpers for added drop protection
- Clear back provides quick access for scanning asset tags
- Quick and easy installation
- Pencil Holder easy to attach and detach. Fit a variety of stylus sizes
- Kickstand/Hand Strap rotates 360 degrees and doubles as a carrying handle
- Acoustic channel guides sound forward for optimum listening
- Screen protector maintains optimum display clarity and touch response

UnlimitEd Folio

DROP+

FEATURES

- DROP+ | 24+ tests including thermal shock, abrasion and drop
- Slim, lightweight tablet case with integrated screen protector
- Works with common tablet accessories like Apple Pencil
- Fits most charging cart slots with case installed
- Reinforced solid shell delivers added strength and durability
- Speaker openings direct sound forward for enhanced listening experience
- Folio cover delivers added screen protection and magnets activate wake/sleep modes
- Folio converts into two stand positions — one for landscape viewing and one for a comfortable typing angle that reduces glare
- Release tab on shell simplifies device removal
- Clear back accommodates quick view of asset tags and engraving

UnlimitEd with Folio & Screen Protector

DROP+
TESTED to MILITARY
STANDARD

FEATURES

- DROP+ | Tested to MIL-STD X 1 | Drop tested from 4ft to concrete
- Reinforced corner bumpers for added drop protection
- Clear back provides quick access for scanning asset tags
- Quick and easy installation
- Two-panel folio rotates and folds into multi-position stand
- Folio folds away for camera use and covers screen for added protection
- Audio channel directs sound forward for enhanced listening
- Works with common tablet accessories like Apple Pencil
- Screen Protector maintains optimum display clarity and touch response

uniVERSE

CASE SYSTEM

DROP+
TESTED TO MILITARY STANDARD

For healthcare solutions that simply click, the protective uniVERSE Case System stretches the potential. Choose from an array of intelligent, hardworking modules and turn go-to devices into adaptable on-the-job allies.

FEATURES

- DROP+ | Tested to MIL-STD X 1 | Drop tested from 4ft
- Multiple entry points to attach and swap accessories
- Swap accessories without removing your case
- Slim, one-piece design with high-performance protection
- With or without an accessory, your case is in place to protect
- Attach keyboards, card readers, memory cards, batteries — the accessory list is growing

Check out the uniVERSE accessories on the following pages

uniVERSE
CASE SYSTEM

Hand and Neck Strap

The uniVERSE Series Hand and Neck Strap — tablet carrying solution is perfect for holding your tablet while working. The latch easily attaches to your tablet leveraging the uniVERSE case center mounting point. The hand strap is padded, adjusts to varying hand sizes and rotates 360 degrees to accommodate portrait or landscape use. The neck strap attachment is for additional carrying options. uniVERSE Hand and Neck Strap is the ultimate accessory to use with your tablet.

FEATURES

- Versatile: multiple carrying options for your tablet needs
- Extends how you use your tablet for work or play
- Adds multiple carrying and tethering options, 360 degree rotation
- Engineered to work with tablets protected by a uniVERSE Series case
- High-quality construction for long-term use

uniVERSE
CASE SYSTEM

Brodit
DEVICE MOUNTING SOLUTIONS

KICKSTAND WITH HANDSTRAP

FEATURES

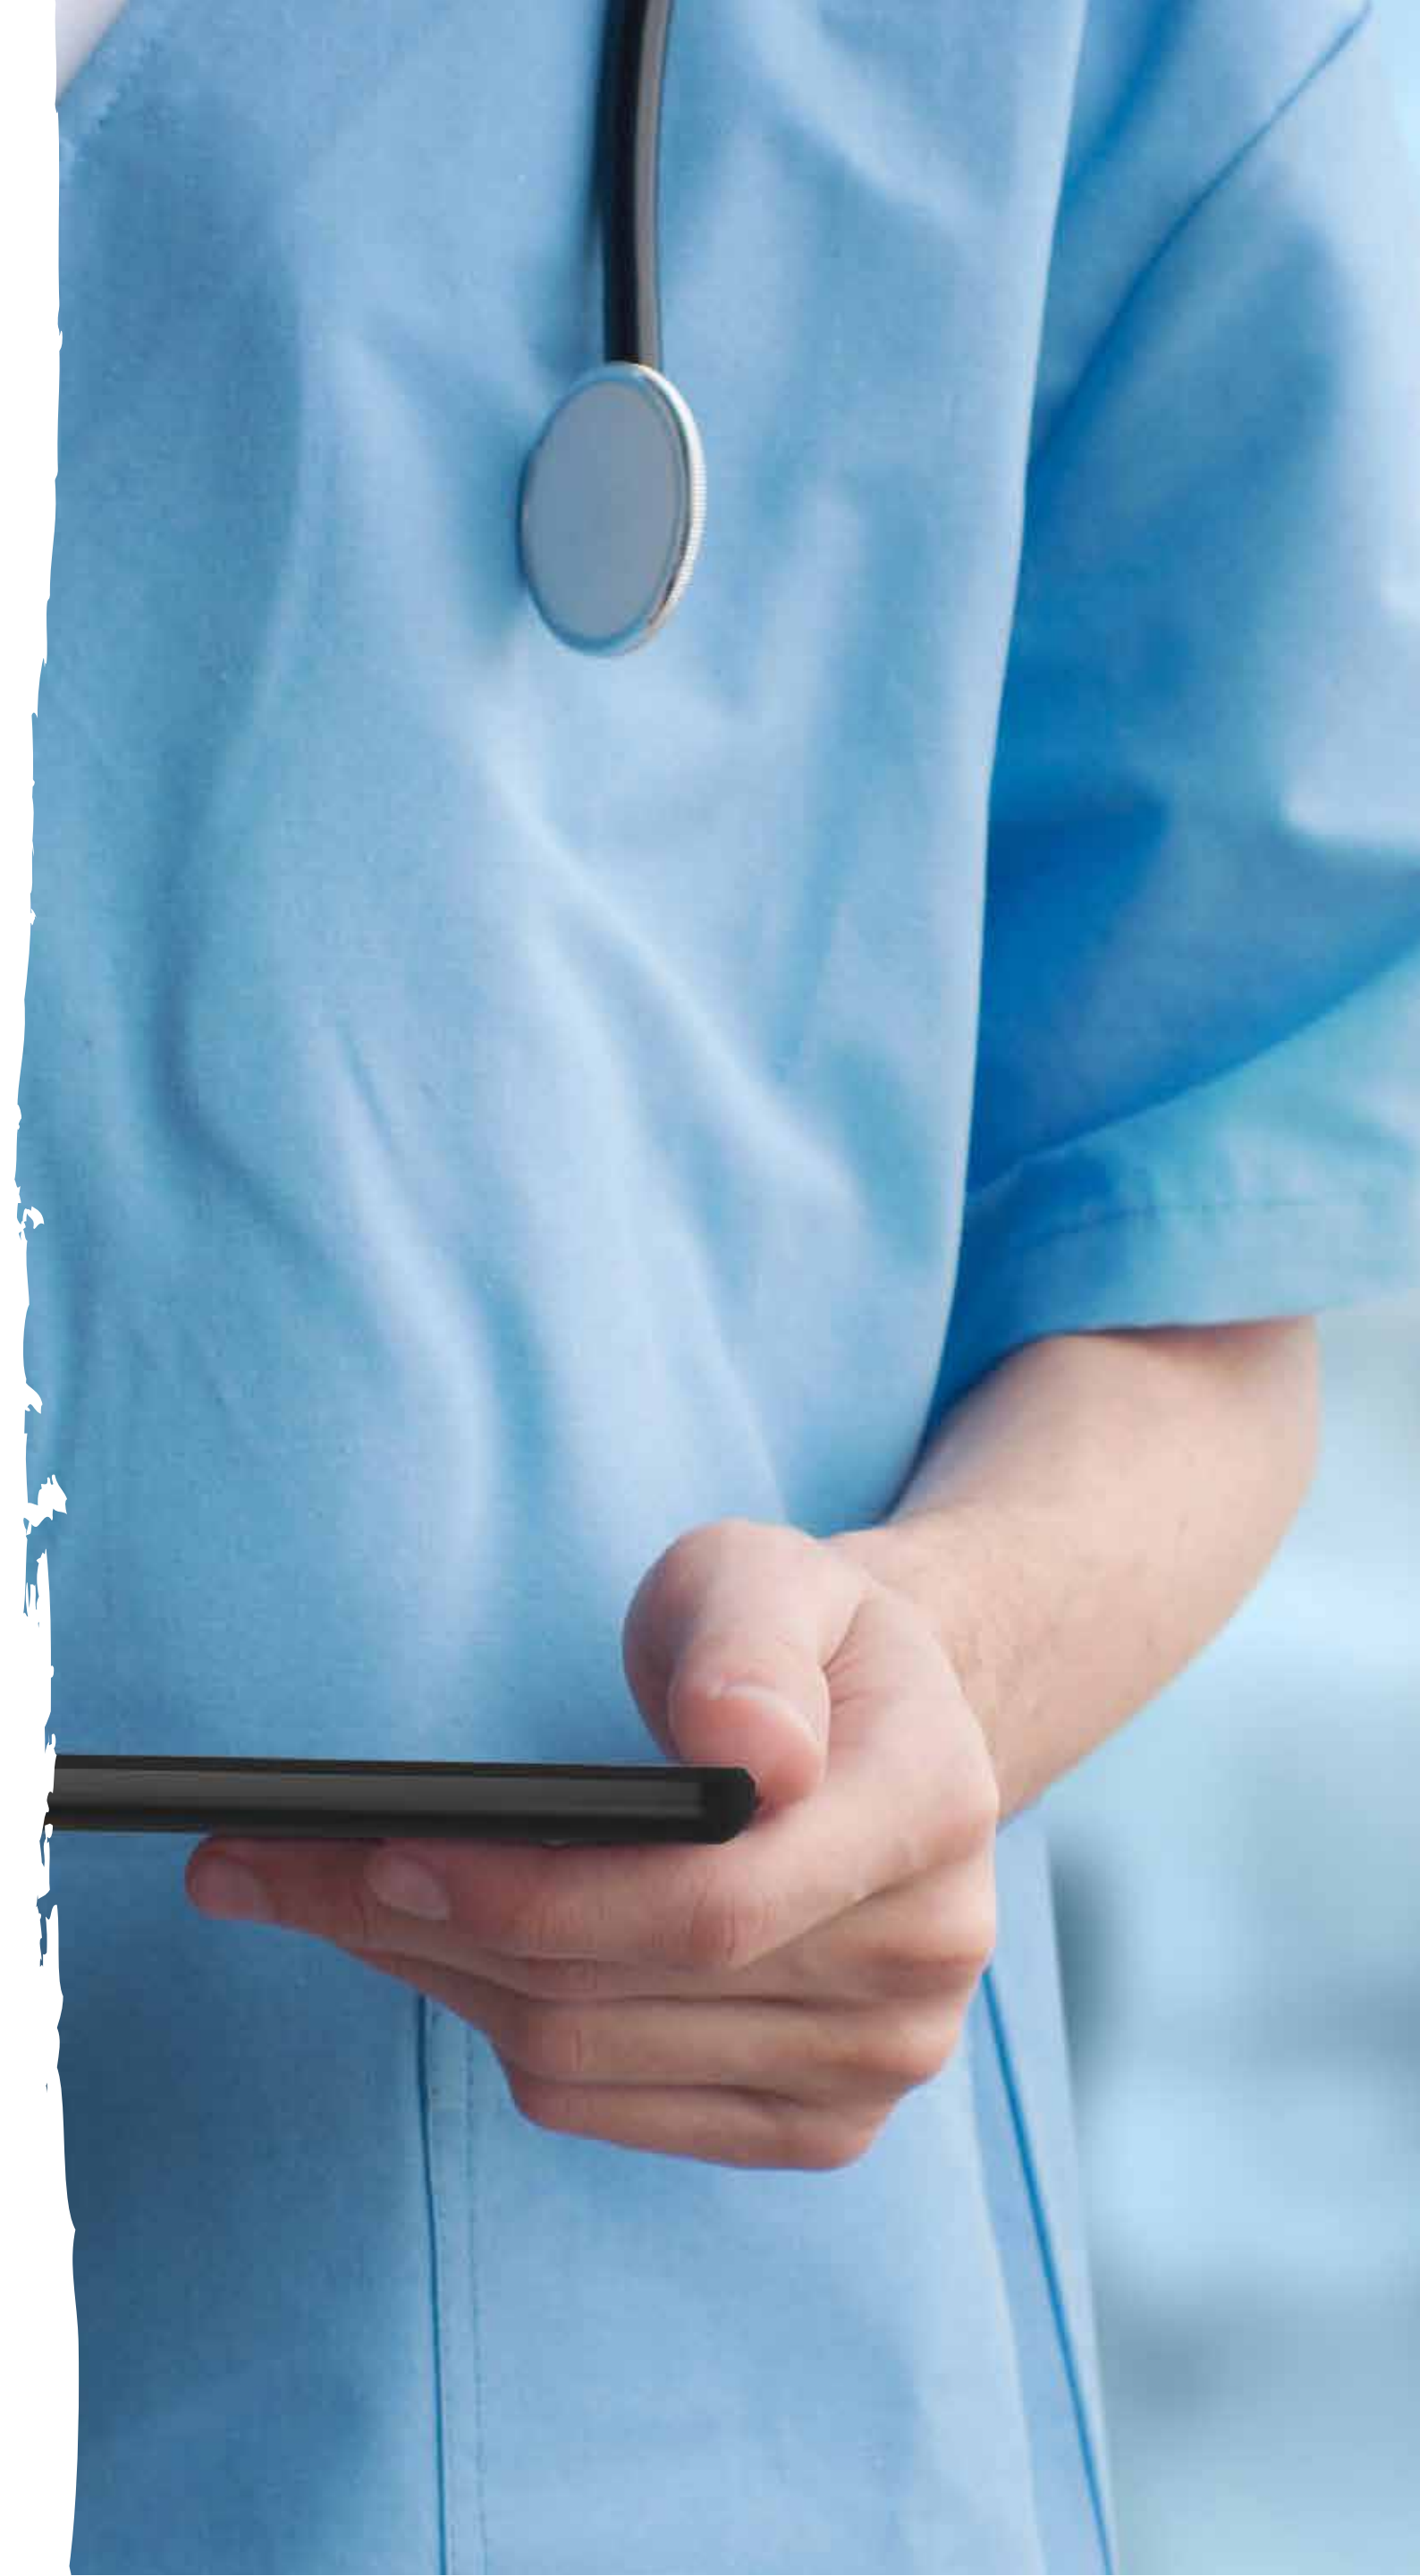

- Designed for OtterBox uniVERSE Tablet Cases
- Includes handstrap for easy carrying
- Made for table/desktop use with rubber non-slip feet
- Allows for rotation between portrait and landscape view
- Adjustable for different viewing angles

XL TABLE STAND

FEATURES

- Can be used with any tablet holder
- Easy to attach — holds the tablet firmly in place
- Pre-drilled holes in the mounting plate for easy attachment
- Made of extra heavy, high-grade ABS and Acetal plastic
- For use with tablets up to 10.2" in size

Symmetry Folio^{Series}

DROP+
TESTED TO MILITARY
STANDARD

FEATURES

- DROP+ | Tested to MIL-STD X 1 | Drop tested from 4ft
- Easily identify your iPad's asset tags or engravings with the clear back
- iPad remains stable and secure in both typing and viewing modes
- Microfiber liner covers the screen while magnets activate sleep and wake modes
- Attaches to lanyards so device can be carried around the neck for hands-free use
- Integrated Apple Pencil holder for safe storage and convenient access
- Rubber feet stabilise your iPad on an array of surfaces

Add a Screen Protector for 360° Protection - See page 28

React^{Series} Tablet

DROP+

FEATURES

- DROP+ | 24+ tests including thermal shock, abrasion and drop
- Raised edges protect camera and touchscreen
- Hard case with soft grip edge for confident handhold
- One-piece case installs easily

Add a Screen Protector for 360° Protection - See page 28

FRĒ from LIFEPROOF

Meet FRĒ — the WaterProof, DropProof case from LifeProof, a member of the Otter Products brand family. FRĒ transcends mere protection. It gives you the peace of mind that comes from being able to fully submerge your device in water, to ensure you can wash away any bacteria your device may be exposed to in the healthcare environment.

FEATURES

- WATERPROOF: submersible to 2 meters for 1 hour — wash your case as well as your hands
- DROPPROOF: survives drop from 2 meters
- DIRTPROOF: sealed from dirt and dust
- 360° PROTECTION: built-in screen cover

Defender^{Series} Smartphone

DROP+
4x TESTED to MILITARY STANDARD

FEATURES

- DROP+ | Tested to MIL-STD X 4 | Drop tested from 4ft
- Port covers block dust, dirt and debris from getting into jacks and ports
- Multi-layer protection from the inner shell, outer slipcover, built-in screen protector and shield stand
- Holster works as a belt clip and a hands-free kickstand
- Raised edges protect camera and screen
- Compatible with OtterBox screen protectors

Add a Screen Protector for 360° Protection - See pages 28 & 29

Symmetry^{Series} Smartphone

DROP+
3xTESTED^{to MILITARY STANDARD}

FEATURES

- DROP+ | Tested to MIL-STD X 3 | Drop tested from 4ft
- Durable protection shields against drops, bumps and fumbles
- Raised edges protect camera and touchscreen
- One-piece design pops on and off in a flash
- Thin profile slips easily into tight pockets
- Antimicrobial case* material helps protect the case exterior against many common bacteria**

*Antimicrobial technology implemented for all devices from iPhone 12 Launch onwards

**It does not protect you or the screen

Add a Screen Protector for 360° Protection - See pages 28 & 29

React^{Series} Smartphone

DROP+
TESTED^{to MILITARY}
STANDARD

React Series is an ultra-slim, resilient OtterBox case that protects your phone from drops and scrapes. Its solid one-piece form is precision designed for your phone and its soft touch edges provide great grip.

FEATURES

- DROP+ | Tested to MIL-STD X 1 | Drop tested from 4ft
- Ultra-slim, one-piece design
- Thin profile slips easily into and out of pockets
- Hard case with soft grip
- Raised edges protect camera and screen
- Wireless charging compatible

Add a Screen Protector for 360° Protection - See pages 28 & 29

UTILITYSERIES LATCH

FEATURES

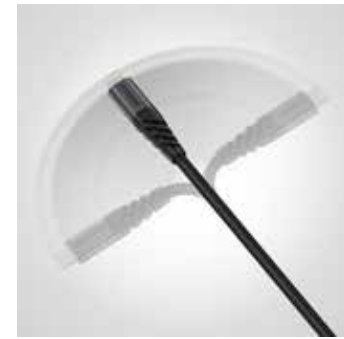

- Rotating hand strap accommodates portrait and landscape viewing
- Adjustable hand strap is padded for a comfortable fit
- Synthetic rubber corner straps are designed for increased durability
- Suitable for tablets up to 10" in size
- Optional accessory bag with leg strap, S-biner and neck strap allow for convenient storage and acts as a tablet stand

CABLES

Lightning, USB-A, USB-C and Micro-USB

PREMIUM

Flex tested 10,000 times

FEATURES

- Bend/flex-tested 10,000 times for rigorous use
- Rugged, tough and built to outlast
- Reinforced strain relief in notorious weak spots for remarkable strength, longevity
- Braided nylon combats fray and tangles
- Premium construction with an anodized aluminium finish

STANDARD

Flex tested 3,000 times

FEATURES

- Bend/flex-tested 3,000 times for dependable use
- Durable, trusted and built to last
- Flexible exterior cord coating for quality feel and finish

FAST CHARGE  ON OUR GOLD BANDED ACCESSORIES

WALL CHARGERS

FAST CHARGE  ON OUR GOLD BANDED ACCESSORIES

50W

FEATURES

- GREAT FOR NEW IPHONE, IPAD + SAMSUNG PHONE: Double down on power with two fast-charge ports for up to 60% charge to your smartphone in 30 minutes*
- Passes rigorous tests for safe, smart and efficient wall charging
- Drop tested and wrapped in a tough exterior for ultra durability
- Programmable Power Supply (PPS) technology allows charger to intelligently 'fluctuate' charging speed based on what the device needs for smart power transfer

30W

FEATURES

- GREAT FOR NEW SAMSUNG PHONE + IPAD: Small and fast, enjoy up to 57% charge to your smartphone in 30 minutes*
- Powered by GaN: boosted efficiency in an ultra compact design
- Passes rigorous tests for safe, smart and efficient wall charging
- Drop tested and wrapped in a tough exterior for ultra durability
- Programmable Power Supply (PPS) technology allows charger to intelligently 'fluctuate' charging speed based on what the device needs for smart power transfer

20W

FEATURES

- GREAT FOR NEW IPHONE + IPAD: Fast and built to last, enjoy up to 58% charge to your smartphone in 30 minutes*
- Drop tested and wrapped in a tough exterior for ultra durability
- Supports USB Power Delivery fast charging technology
- Passes rigorous tests for safe, smart and efficient charging

*Based on iPhone 12 and iPad Pro (11-inch) 2nd Generation

CAR CHARGERS

FAST CHARGE  ON OUR GOLD BANDED ACCESSORIES

30W

FEATURES

- Up to 3.6X faster charging*
- Durably designed for the long haul
- Smart, compact design makes space for all other equipment you need to store in the car
- Rigorous drop and vibration testing for safe charging, and wrapped in a tough exterior
- Dual port for multi-device charging — Fast Charge USB-C (18W) and USB-A (12W)
- Designed to work flawlessly with your favourite OtterBox cables
- Supports USB Power Delivery Specification

24W

FEATURES

- Durably designed for the long haul
- Smart, compact design makes space for all other equipment you need to store in the car
- Drop and vibration tested, wrapped in tough exterior
- Charges multiple devices at once with two USB-ports
- Rigorous testing to ensure devices charge safely and efficient
- Designed to work flawlessly with your favourite OtterBox cables

18W

FEATURES

- Up to 3.6X faster charging* through single USB-C port
- Durably designed for the long haul
- Smart, compact design makes space for all other equipment you need to store in the car
- Rigorous drop and vibration testing for safe charging, and wrapped in a tough exterior
- Designed to work flawlessly with your favourite OtterBox cables
- Supports USB Power Delivery Specification

*Delivers 18W fast charge vs. 5W standard charging cable

Protecting healthcare providers investment in technology and ensuring that regular sterilisation does not impact device performance

THE CHALLENGE:

Perth Children's Hospital is Western Australia's specialist pediatric hospital and trauma center, providing medical care to children and adolescents up to 16 years of age.

The 298-bed hospital provides treatment for the most serious medical cases, as well as secondary services including inpatient, outpatient and day-stay care. Centers for Disease Control and Prevention recommend cleaning and disinfecting frequently touched surfaces to eliminate bacterial, dirt and viruses – this includes phones and tablets. We've subjected all of our products to rigorous testing* to ensure that regular sterilization does not impact their performance. *Caviwipe, Purell, Rubbing Alcohol 70% (Curad)

THE SOLUTION:

The OtterBox Symmetry Series case for Samsung GS9 and GS10 was selected to protect the devices from damage such as drops and bumps, as well as adhering to strict hygiene requirements in the organisation.

SECTOR

Healthcare

KEY CHALLENGES

Protecting the hospital's investment in technology
