

# DELIVERING RESILIENT, DEPENDABLE FLEET SOLUTIONS

**HPMP is a family run business with three generations of reliability & expertise that our customers can rely on.**

Established in 1976, High Precision is an Irish owned, family run business with over 50 years automotive experience and over 40 years serving the fire service industry. HPMP specialise in the design and building of emergency appliances for local government fire services, the Defence Forces (both Ireland and Overseas) and Airports. HPMP is passionate about delivering reliable, ergonomic and resilient vehicles to suit the individual needs of its customers.

**We supply vehicles that are:**

**RELIABLE**

**ERGONOMIC**

**RESILIENT**

**SPECIALISTS**  
in the design and building  
of emergency appliances

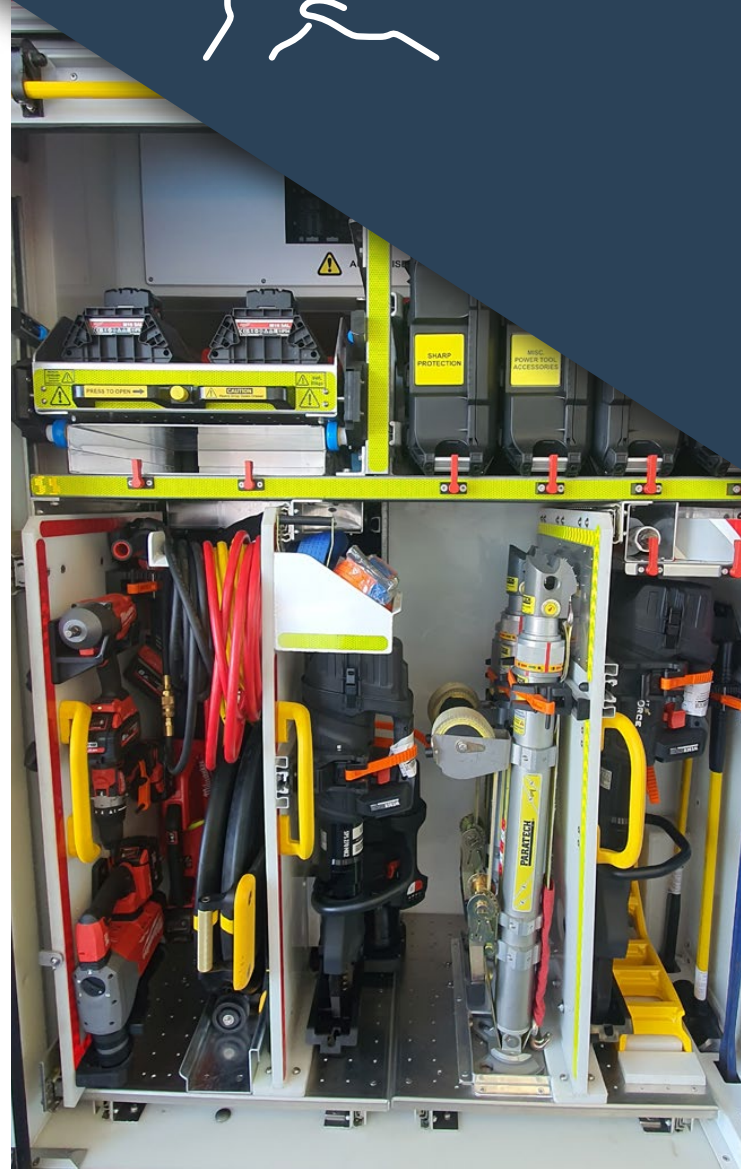

**40 YEARS +**  
serving the fire  
service industry

**OUR CLIENTS**  
include local government  
fire services, the Defence  
Forces (both Ireland &  
Overseas) and airports

## WHAT WE DO

- Design and manufacture of all types of emergency vehicles
- Fire pump and CAFS system fitment and repairs, servicing and testing
- Ladder testing, certification and repairs
- Winch fitment, testing and repairs
- Portable generator testing and servicing
