

Influence behavior and empower travelers.

Tripkicks is a simple add-on to business travel programs that provides the tools to influence traveler behavior.

- Safety** There is a high safety risk for travel to your destination.
- Company** Tips for traveling to and accessing our Singapore office.
- Visas** A visa may be required for your trip. View more details here.
- Green Tip** Instead of flying, choose rail for London to Paris with Eurostar.
- Get Help** Ask a travel question or get help booking your trip to Paris.

What if your travelers were more informed?

Tripkicks empowers travelers with everything they need to make the best booking decisions. We present insights on their destination and travel options, so that they are more informed during the booking process and better equipped for a successful trip.

What if you could influence traveler behavior?

Tripkicks enables companies to provide travelers with guidance and tips that influence traveler behavior, at the point of sale directly within your online booking tool. With Tripkicks, you can align the decisions of your travelers to the priorities of your company.

Dynamic Spend Targets

Guide travelers towards appropriate spend using our Tripkicks Spend Target algorithm.

Seamless Integration

As an SAP Concur App Center Partner, Tripkicks automatically appears within the Concur Travel search results.

Insights Banner

Sits at the top of Concur Travel’s search results, travelers see the most important info for their trip with content from our data providers and custom tips from your program.

Safety	There is a high safety risk for travel to your destination.	
Company	Tips for traveling to and visiting our EMEA office.	
Visas	A visa may be required for your trip. View details here.	
Green Tip	Instead of flying, choose rail for London to Paris.	
Get Help	Ask a travel question or get help booking your trip.
