

PRIORITY PASS™

The most recognised airport lounge and experiences programme

We've been enhancing the airport experience for over 30 years, with access to lounges, retail, dining and spa experiences, offers and more.

Travel can be stressful and the airport experience greatly impacts your customers' journeys. Priority Pass offers a different approach to the airport experience, allowing you to enhance your customers' journeys while building better engagement, stronger brand differentiation and increased cardholder loyalty.

Unrivalled global coverage

Priority Pass is recognised by consumers worldwide as the largest and most prestigious airport lounge access and experiences programme. Members get access to over 1500 premium airport experiences worldwide, across 148 countries in 600 cities.

Lounge access and more

Along with offering access to a global network of airport lounges, members can enjoy additional services that include spa facilities, exclusive dining options and retail offers across the world, so they get even more value from their benefit.

Powerful digital features

Our mobile app includes a Digital Membership Card for instant access to airport lounges and our newly launched enhancement allows additional access via a valid payment card. Through the app, which is available in 12 languages, members have real-time access to their visit history and remaining entitlement, putting the customer in control of their benefit. Members can also use intelligent wayfinding, global lounge search and information, including user-generated content and lounge reviews.

Operational excellence and customer service

Through the support of regional offices, we offer 24/7 in-house multilingual support teams covering 12 languages. We're fully PCI DSS Compliant and trusted by the world's leading financial services brands. You'll also benefit from flexible setup and configuration options.
