The Global Aircraft Charter Specialists

# Explore The World By Private Jet

---

Let us take you where you want to go.  
Established in the UK in 1973, we have  
specialist teams based in Europe,  
North America, Africa, Asia and Australia.

# Explore The World By Private Jet

Whether it's a remote safari lodge in the wilderness of South Africa, a weekend skiing in the Alps or a private island resort in the Caribbean, the sky is the limit when it comes to private jet charters.

Chapman Freeborn has been helping clients explore the world for more than 45 years. Our expertise in all areas of private jet travel, combined with our unrivalled global coverage, makes us the number one choice for private individuals, travel industry partners and leading names from the entertainment business.

We're passionate about detail and customer service. The charters we arrange are handcrafted to suit your needs, so you have the freedom to customise your flight as you wish.

# Time Is The Ultimate Luxury

We understand that time is precious. Whether you're travelling on your own or with family, private air charter gives you the opportunity to fly at a schedule that suits you, to and from the most convenient airports, and puts you in control of every element of your journey.

Leave behind the stress of crowded commercial airports. Simply arrive at the private terminal minutes before your departure and walk straight onto your aircraft.

Flying private has never been easier. In addition to jets, we can also arrange helicopter transfers for the ultimate in point-to-point luxury travel.

# Flexible & Convenient

Where will your journey take you? Last year alone we arranged charters to over 800 different destinations across every continent.

No two charters are ever the same. From small jets for short-hops to impressive stand-up cabins with luxury interiors, we offer a full range of private jet aircraft and operator options, hand-picked to match to your exact requirements.

We offer simple and transparent pricing. There is no membership fee, no acquisition fee, no management fee, and no minimum number of flying hours. You're not locked into a long-term contract or tied to using a specific aircraft type or fleet.

# Above & Beyond

Since our first charter in 1973, we have always gone above and beyond the ordinary.

We believe in personal service, with a dedicated account manager assigned to every client, offering round-the-clock assistance wherever you're travelling in the world.

You can pick up the phone and ask us for anything. Whether we're helping you with a last-minute itinerary change, or arranging to have a particular bottle of wine and catering from your favourite restaurant on board, everything we do is designed to meet your individual needs.

# 24-Hour Flight Support

We provide you with more than just an aircraft. Our customers receive the peace of mind that every detail of the charter has been taken care of.

Our account managers are backed up by our in-house operations division Wings 24 which provides professional flight support services 24 hours a day, 365 days a year – including flight monitoring, fuel purchasing, ground handling, diplomatic clearances and flight permits.

# Your Safety Is Our Priority

At Chapman Freeborn, safety and security are our top priorities. All operators are fully screened and monitored and before every charter we employ stringent procedures and compliance checks to ensure all legal and regulatory requirements are met.

We are also a proud member of key aviation industry groups which promote safety of flight as the primary level of responsibility – including the Baltic Air Charter Association (BACA), European Business Aviation Association (EBAA), and National Business Aviation Association (NBAA).

We provide you with more than just an aircraft. Our customers receive the peace of mind that every detail of the flight has been taken care of.

Chapman Freeborn's depth of aviation expertise includes passenger and cargo charter operations, aircraft leasing, humanitarian airlifts, and much more.
