SUSTAINABILITY & CSR

We're very passionate about CSR and sustainability and are delighted to be awarded the Green Tourism Silver Award for all of our eight city centre hotels in early 2023. Currently we're working hard to achieve Gold status. Corporate social responsibility has always been high on the agenda at Apex Hotels and having demonstrated our ongoing commitment to adopting ethical, and eco-friendly ways of working, we're thrilled that our efforts have been recognised. Our recently introduced sustainability initiatives, such as replacing all single use water bottles with Belu Eco Water Stations, have been a hit with our team and guests.
