

Assure A1 Certification

Expert management of the entire A1 document acquisition process

CIBT Assure A1 Certification ensures accuracy, compliance and continued coverage by your home country's social security institution.

Benefits of CIBT's Assure A1 Certification include:

- **Swift Processing:** Files documents in just **60 seconds**; a significant advantage over the standard 3 week to 3 month processing time
- **Global Presence:** Provides coverage in most countries, with expansion to additional countries in the near future
- **Proactive Issue Detection:** Identifies input issues with alerts to prevent A1 rejections (**34% of A1 applications submitted without CIBT get rejected**)
- **Database Intelligence:** Leverages **proprietary database intelligence** and proven methods to ensure peace of mind
- **Enhanced Efficiency:** Reduces the number of questions asked of employees, which increases adoption and **more effectively manages time spent** on employee queries
- **Risk Mitigation:** Minimizes risk of incorrect information leading to application rejection or lengthy queries from authorities
- **Comprehensive Record-Keeping:** Maintains a thorough audit trail of all A1 applications, essential for labour inspections in destination countries to mitigate the risk of penalties and bans

Assure A1 Certification

Expert management of the entire A1 document acquisition process

Key differentiators include:

HOLISTIC COVERAGE

Automatically submits A1 documents for all countries where automation is possible

ADVANCED USER GUIDANCE

Provides helpful text and FAQs to guide employees through the process

AUTOMATIC ALERTS

Automatically issues alerts when there are changes in government systems and automatically makes necessary adjustments
