Crafting Exceptional

Corporate & Events Mobility

through

World-Class Quality Assurance

Sustainability

Join us in our commitment to a greener future. Receive detailed reports on the environmental impact of each ride, empowering you to make eco-conscious choices without sacrificing convenience.

Policy compliance

Rest easy as we navigate the regulatory landscape for you, ensuring seamless compliance and peace of mind for every passenger onboard.

Booking tool

A comprehensive solution that enables you to manage all your bookings, payments and service preferences in one centralized and easily accessible platform.

Integrations

Experience the power of seamless integration without lifting a finger. Our team handles all development tasks for you, free of charge, so you can focus on what matters most - your business.

Why does Limos4 have the best service?

With a one-of-a-kind 5-phase vetting process, Limos4 goes beyond traditional methods to ensure the superiority of the offerings. Through our stringent QA standards, our clients experience a consistent level of service excellence across Limos4's global network, regardless of the destination, every time.

We take pride in prioritizing quality, and our process consists of the following key phases:

I Supplier vetting protocol:

Led by a dedicated affiliate manager.

Comprising five meticulous phases: search, contact, monitor, check, and demand.

Potential suppliers must meet specific requirements to advance to the next phase, ensuring we work with only the best.

II Onboarding phase:

Establishing common goals and agreements to set clear expectations.

Legal formalization of the relationship, ensuring a secure and trustworthy partnership.

III Auditing phase:

Rigorous on-site performance checks.

Utilizing a comprehensive Quality Evaluation Sheet and an algorithm with over 30 key factors.

Categories assessed include vehicles, drivers, responsiveness, and more.

IV Evaluating phase:

Measures responsiveness, compliance, and more to maintain excellence.

Adapts to positive and negative changes, continuously striving for improvement.

Encourages cooperation improvement, emphasizing the importance of collaboration.

V Extension phase:

Focused on elevating service quality through innovation.

Implements annual drug and alcohol screenings for drivers to ensure safety.

Offers ongoing education for suppliers to keep them updated and competitive.

Utilizes a meticulous quality control checklist to guarantee a superior travel experience.

As a result, all the items on our quality control checklist are marked off, so the ultimate travel experience with Limos4 is secured.
