

The background is a lush, detailed illustration of a tropical forest. It features a variety of green plants, including large, deeply lobed leaves, smaller palm-like fronds, and clusters of small, light-colored flowers on thin stems. The colors range from deep forest greens to bright, vibrant greens, creating a sense of depth and texture. The overall composition is dense and layered, typical of a jungle scene.

Social Responsibility

At edyn, we understand the importance of being a responsible business – so therefore we're committed to ensuring best practice is followed when it comes to socially responsible business methods. We continue to identify our own impact and set clear goals to ensure that we are minimising the environmental footprint. We regularly review our performance and are responding to new developments in environmental technology, while facing the challenges of ongoing business demands.

The key pillars of Sustainability in which we are focusing the majority of our Social Responsibility initiatives on are:

Minimising plastic

Recycling

Energy saving

Staff green awareness

Guest green journey
