Omegalytics

Omega's proprietary reporting system, Omegalytics, allows users to streamline work flow and increase productivity from data delivery to data presentation. Global data is consolidated and normalized to provide actionable insights through a variety of dashboards including:

- Omega Care - Traveler Tracking
- Executive Summary with drill-down
- Benchmarking - Integrated with ARC
- What IF
- Unused Tickets Tracking
- Expense - Track Leakage

Available on MS Office, Web, Mobile (iOS and Android), & Amazon Alexa!
