Hybrid Meeting capabilities

Complimentary Car Parking for Meeting Delegates

We are Making Your Meeting Even More Impactful

Our commitment to sustainability doesn't just stop there. We are giving every event organiser and delegate the opportunity to join us in making our impact even greater.

As part of your value add-ons for your meeting, you have the opportunity to choose from the below options which will assist in Chef's dishes or the bar's cocktail garnishes.

Club (Over 10K) - Delegates take home or plant in Chef's garden before they leave their Sprout pencil they have used from meeting to grow basil, chia, coriander, sage or thyme as a sustainable element to add to dishes for years to come.

Business (Over £20K) - 1x Fruit Bush to be planted in Chef's Garden, with follow-up image once planted to be sent to organiser.

First Class (Over £30K) - 1x Fruit Tree to be planted on hotel grounds on the day of the event with plaque on tree with event information.
