MEMBER TESTIMONIALS

'I have found Miss Jones a very useful PA/EA resource. The networking events are well managed and targeted, held at very usable venues. The website is extremely useful and the Facebook site is a great resource for advice. I have made some good contacts through being a member and have no hesitation in recommending.'

EA at HSBC

It has been truly refreshing to work with Miss Jones, as they are always so responsive and eager to please all of my difficult queries. They always exceed my expectations by being proactive to help achieve them, despite the very short notice regarding all the dinners and events I have been working on''

EA at Rothchild

" Miss Jones has helped me gain more self confidence through their excellent networking events at fabulous locations with even more fabulous PAs / EAs / administrative professionals, all sharing invaluable knowledge and skills! Their wellness summit especially was excellent and has triggered me to help start a new wellness initiative at my current workplace. I look forward to what else Miss Jones has to come this year''

EA AT AMERICAN EXPRESS GLOBAL TRAVEL

"Miss Jones is my go-to for fast and reliable venue finding. You are guaranteed top quality customer service and support"

EA to Directors at Funding Circle

'Miss Jones is one of the premier networking and venue finding services in the EA/PA world. I have been a member for over 3 years now and have made some invaluable industry contacts through them. As someone who is very time poor I turn to them to do the leg work in finding me the perfect venue for my team event or company offsite. Their vast knowledge of event spaces and restaurants means I simply have to ping them an email to give me inspiration. Not to mention it's provided me with a good support network of other assistants who I meet up with regularly for social events also hosted my Miss Jones. I would highly recommend them to anyone in my position. "

EA (WEWORK, OGILVY, M&C SAATCHI ALUMNI)

"My number one go-to for discovering new venues and connecting with like-minded assistants."
