

**World-class venues
where people *love*
to be...**

That's our simple company *vision*.

We're not putting astronauts in space or solving world peace; we're simply trying to provide fabulous meetings, dining and sleep for our guests.

That means we welcome everybody and connect people through tailored experiences. We serve quality, generosity and genuine hospitality built on our key value of caring.

For our team, we celebrate individuality, strive to identify talent and give everybody the opportunity to grow.

We provide a safe, inclusive, and fun environment built on our key value of *kindness*.

Our Values...

Kind

We're kind to each other and think of ways we can help each other and our guests on a daily basis.

Caring

We care about our guests, our teams, and our company because caring means actually doing something positive.

Accountable

Each one of us is a decision maker empowered to do what we feel is right for our guests and own those decisions.

Sustainable

We take decisions that are sustainable, not just to preserve our environment, but to make our business fit for the future.

Ambitious

We're ambitious with our ideas to enable ourselves and our business to grow, making great experiences for us and our guests.

Ethical

We conduct ourselves and our business in an ethical way and make decisions because they are the right ones to make.

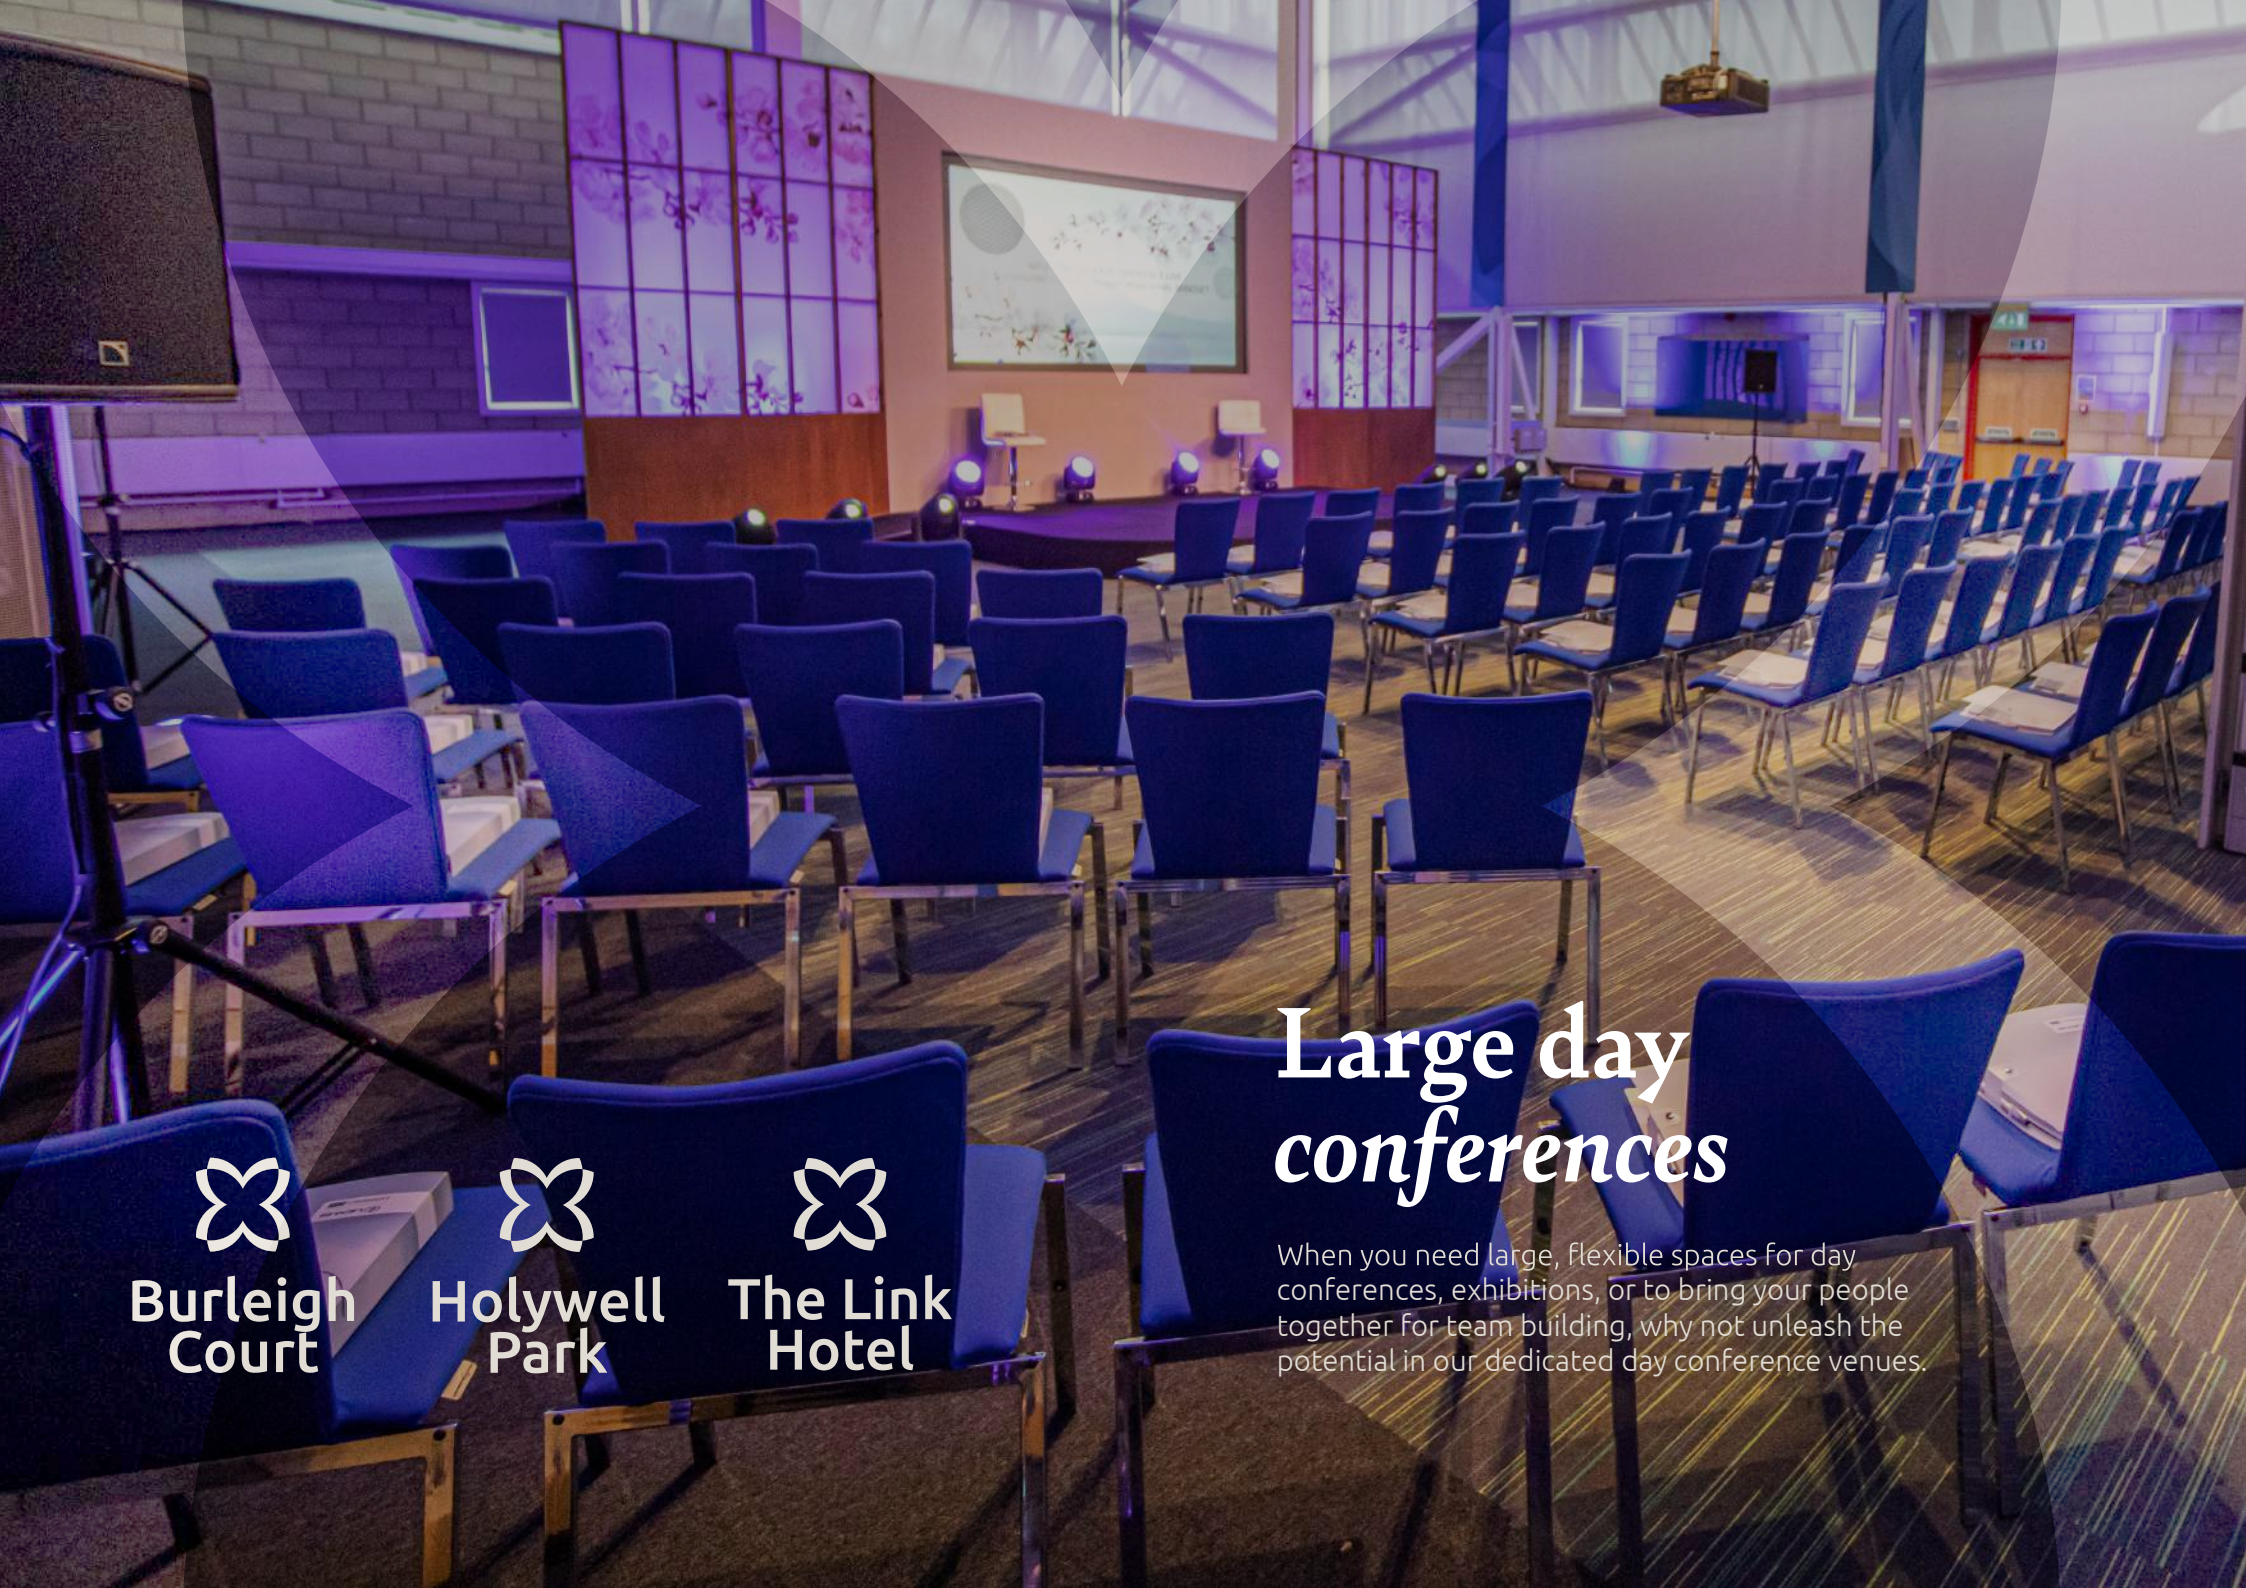

“
It's not hard to make decisions once you know what your values are.

— Roy E. Disney
