

Emburse Expense Enterprise

# Modernize your expense management process

As the rate of business change accelerates, agility within your organization is essential. Spending hours managing expenses via spreadsheet or legacy software is unsustainable and risky.

Beyond that, it's costly, the internal controls are lacking, and overall inefficiency limits the visibility you need to make data-driven decisions. With the right expense management solution, your organization can eliminate these costs while streamlining processes.

## Intuitive solutions for evolving organizations

Emburse Expense Enterprise enables your organization to modernize its processes to reduce costs, increase visibility and compliance, all from a user-friendly solution.

### REDUCE OPERATIONAL COSTS

Save time and money with a faster, more flexible process tailored for your exact needs.

### CONTROL OUT-OF-POLICY SPEND

Get ahead of fraudulent and unauthorized expenses with a built-in, highly configurable rules engine.

### A BETTER PROCESS FOR ALL

An intuitive, innovative design simplifies expense reporting for everyone.

# A world of growth opportunities

Regardless of your organization's footprint or goals, Emburse Expense scales with you. It effortlessly handles enforcing travel policies and reducing cycle times with powerful workflows. Unite all your offices, divisions, and businesses globally with a highly intuitive interface that simplifies the complexities of enterprise expense processes.

## Create Efficiency

Eliminate spreadsheets and outdated expense solutions that are slowing you down. We designed our solution to simplify the expense management process, not complicate it.

## Drive Insights

Say goodbye to excessive spending and hello to improved insight and control. Expense helps you manage spend across any country and configure policies to your organization's unique needs.

## Increase Agility

Support travelers wherever they are with the ability to process expense reports and reimburse end-users in over 70 countries, across 31 different languages, and in any currency.
