KEY SUSTAINABILITY EFFORTS

Our hotel has achieved the **IHG Green Engage Level 4*** certification.

*Level 4 hotels are leading hotels in the environmental sustainability area. They demonstrate leading and innovative approaches to being sustainable.

SUSTAINABLE DESIGN

Use of Eco-Friendly Materials and Fittings

Composite wood flooring /re-constituted timber is used for all timber decks (Made of 60% recycled wood fibre)

Low VOC paints are used for all internal areas

Implementation of 4 Cooling Towers

Glass skylight with water minimises heat transfer

Floral cladding on exterior made with GFRC insulates the heat from surroundings entering through it

Double glazed windows in guest rooms

RECYCLING INITIATIVES

Food Waste Recycling

Being an early adopter of EcoWiz, a cutting-edge waste food digester which converts food waste into water

Capacity to convert 1 ton of food waste per day

Using Microbes to convert food waste to water

Water generated is used to clean the Bin Centre

General waste sent to the landfill reduced by approximately 40% since EcoWiz was adopted

WASTE REDUCTION INITIATIVES

Adopting large bottles for our bathroom amenities to reduce single-use plastics

Replacing plastic drinking straws with biodegradable paper straws

Setting up water stations for meetings and events where attendees can refill reusable bottles or drinking glasses to reduce single-use plastic bottles

Providing digital newspapers and magazines through PressReader app

Crowne Plaza Changi was awarded the Green Mark certification (Gold) by Building & Construction Authority Singapore in May 2023 and was the first hotel in Singapore to receive the EarthCheck Gold Certification in 2014. Other green awards received include ASEAN Green Hotel Award (2014 – 2016; 2016 – 2018 and 2022 – 2024), Singapore Hotel Green Award (2013, 2015, 2017 and 2019) and 3R Awards for Hotels (2014, 2016 and 2018).
