

# KUONI TUMBLARE

Experience the Ultimate in Sport  
Event Accommodation Booking!

ABOUT US...

Established in 1906 in Switzerland by Alfred Kuoni, the company crossed the century by developing its activity towards both traditional tourism through its travel agencies and tour operating, but also through its receptive business specializing in the areas of the organization of corporate events, international conferences, and sporting events.

In 2017, The JTB Group acquired all shares of Kuoni Travel Investment, managing the new company under the JTB European managing company TPE. The JTB Group is a Global Destination Management Company (Global DMC) with a worldwide network of 516 offices in 100 cities in 36 countries and regions, and with approximately 26,000 employees working together.

Our European resources and office locations cover over 17 countries in Europe and 39 countries all over the world. With our extensive network of partners and resources across Europe, we are well-equipped to handle the logistics involved in such a programme.

Kuoni Group Travel Experts has continued as a B2B organization that provides bespoke packaged tours for leisure and incentive groups and tour operators. Our Global MICE division curates' meetings, events, sport events, incentives, and congresses/conventions for clients in Europe and North America, trading under the Kuoni Tumlare, and Conference & Touring brands.
