# *Celebrated Chefs,* Sensational Cuisines

The master chefs at Wynn have elevated fine dining to delectable new heights. Discover authentic cuisines and signature creations that have earned us a global reputation for culinary greatness.

Chef Tam's Seasons is a new conceptual restaurant by renowned Executive Chef Tam Kwok Fung—the first chef in Macau to be named “Chef of the Year” by the Black Pearl Restaurant Guide. Inspired by traditional Chinese wisdom, Chef Tam meticulously selects, prepares and transforms seasonal produce into exquisitely balanced dishes that redefine Cantonese cuisine and celebrate the best of every season.

Lakeview Palace blends classical and modern inspiration to bring you an enchanting introduction to the food culture of Jiangnan. The chefs begin with seasonal produce from the Yangtze River region and infuse it with the unique character of Guangdong, using French culinary techniques to reimagine the flavors of Jiangnan.
