About Pigeonhole Live

Pigeonhole Live is a leading audience engagement platform that transforms events and meetings, making them more engaging and inclusive for all.

Trusted by growing SMEs to the Fortune 500, our mission is to offer easy-to-use Q&A and polling tools, ensuring everyone can contribute and be heard.

How Pigeonhole Live works

Pigeonhole Live is a versatile web app that can be used for any meeting or event format, including in-person, virtual, or hybrid settings:

- The audience can easily participate by scanning a QR code with their mobile phones or joining via a browser link, ensuring accessibility and convenience.

- Attendees can interact in real-time by asking questions, voting in polls, taking quizzes, answering surveys, and contributing to word clouds.

Pigeonhole Live also offers custom integrations with video meeting and event platforms for easy setup and a seamless experience for organisers and attendees.

Key features of Pigeonhole Live

- **Live Q&A:** Allows attendees to ask questions via mobile phones, encouraging inclusive discussions.

- **AI-powered tools:** Break down language barriers in real-time and provide post-event summaries with sentiment analysis.

- **Instant polls:** Gauge audience opinions quickly through interactive polls and word clouds, helping with informed decision-making.

- **Quizzes:** Engage attendees with quizzes, promoting participation and friendly competition with leaderboards.

- **Insights:** Get real-time feedback analysis to understand audience engagement, improving the event agenda.

As the Audience Engagement Partner for The Meetings Show APAC, Pigeonhole Live is being used at the Theatre to ensure everyone can join in the conversation.
