TESTIMONIALS

"I almost did not attend because of the show being regional and its first time in Chicago, but it was the best show I've been to in my 8 years in sales. I ran out of business cards in the first 4 hours and met many great contacts and decision-makers. I'm now signed up for the Chicago and NYC 2020 shows."

Ron Covert, National Account Manager / Product Specialist, Australian Turntable Company

"Being an exhibitor at Build Expo was the best decision we made this year! We have walked away with a year's worth of valuable contacts. This was incredible!"

Ashley Coleman, C&G Construction Supply

"Chicago Build was great, well-attended, lots of positive energy. Day 2 was another well attended day. Started early and stayed consistent. Very diverse crowd and busy seminar participation. Happy we exhibited."

Fred Harris, Vice President, Urban Surfaces

"The Chicago Build Expo was a fantastic networking opportunity for James Hardie. Bustling crowds and atmosphere made for a great time. Can't wait be back next year!"

construction shows I have ever been an Exhibitor with or a guest at! Quality leads, knowledgeable speakers and nonstop booth traffic! I cannot wait until London Build in November!"

September 19, 2019

Dear Friends:

As Mayor, and on behalf of the City of Chicago, I am honored to welcome all those gathered for the 2019 Chicago Build Expo.

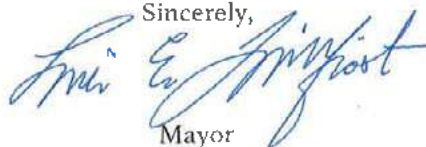

The Chicago Build Expo, part of the world-renowned global Build Series, is one of the leading construction shows for Chicago and the Midwest, and covers all areas of the construction and design industry. This annual Expo lets those in the construction and design industry come together to exchange ideas and information, learn about the latest trends, and discuss best practices in the construction trade. The Chicago Build Expo is a vital resource for the construction, design, and architecture industry.

This year's Expo will bring more than 10,000 contractors, architects, developers, house builders, engineers, government officials, and distributors together to network, learn, and inspire. The Expo will feature a full schedule of over 200 exhibitors, more than 200 speakers across 12 specialized tracks, AIA and CES training workshops, sessions and workshops focused on policy, sustainability, health and safety, and more, networking events including the largest Women in Construction and Diversity in Construction events, entertainment, and much more. I commend the Chicago Build Expo for their ongoing efforts to innovate and move the construction and design field forward.

I hope that during your stay in Chicago you take the time to see all the City has to offer. Vibrant neighborhoods, an iconic skyline, and an incredible lakefront invites you to explore Chicago. I hope you have a chance to explore The 606 Trail and historic South Shore Cultural Center, tour the vibrant neighborhoods across our city, sample our diverse cuisine, tour our distinguished universities, and visit our world-class museums during your stay.

I hope your event is memorable and enjoyable. Best wishes for continued success.

Sincerely,

Mayor
