# LONDON BUILD 2021

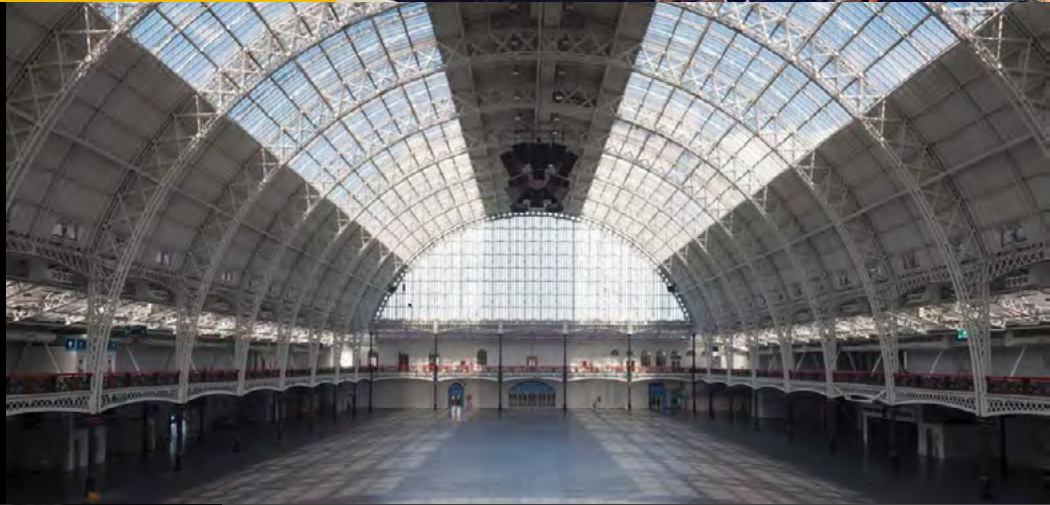

**London Build is the UK's leading construction and design show. Taking place at the largest hall at Olympia London, the Grand Hall.**

London Build is an award winning event, widely recognised as the leading construction exhibition in the UK. London Build draws exhibitors from all around the world.

London Build attracts the very highest-level in attendance from the construction and built environment industries, including all the leading Tier-1 contractors, house builders, architects, civil engineers, specifiers, developers, government and construction professionals from across the UK.

**London Build is moving to the Olympia Grand, the largest hall in the Olympia London and the most famous exhibition hall in the world!**

*"Probably the biggest and the best exhibition for construction now in the country"*  
Elvin Box, Chair, London Constructing Excellence

*"The London Build Expo was an amazing exhibition this year 2019. So many visitors from different sectors and such a busy, lively, entertaining and educational event full of the most influential thought leaders. Congrats to the team at Oliver Kinross for creating an exhibition that truly brings together the industry."*  
Hayley Carpenter, Marketing, Director, Futurium

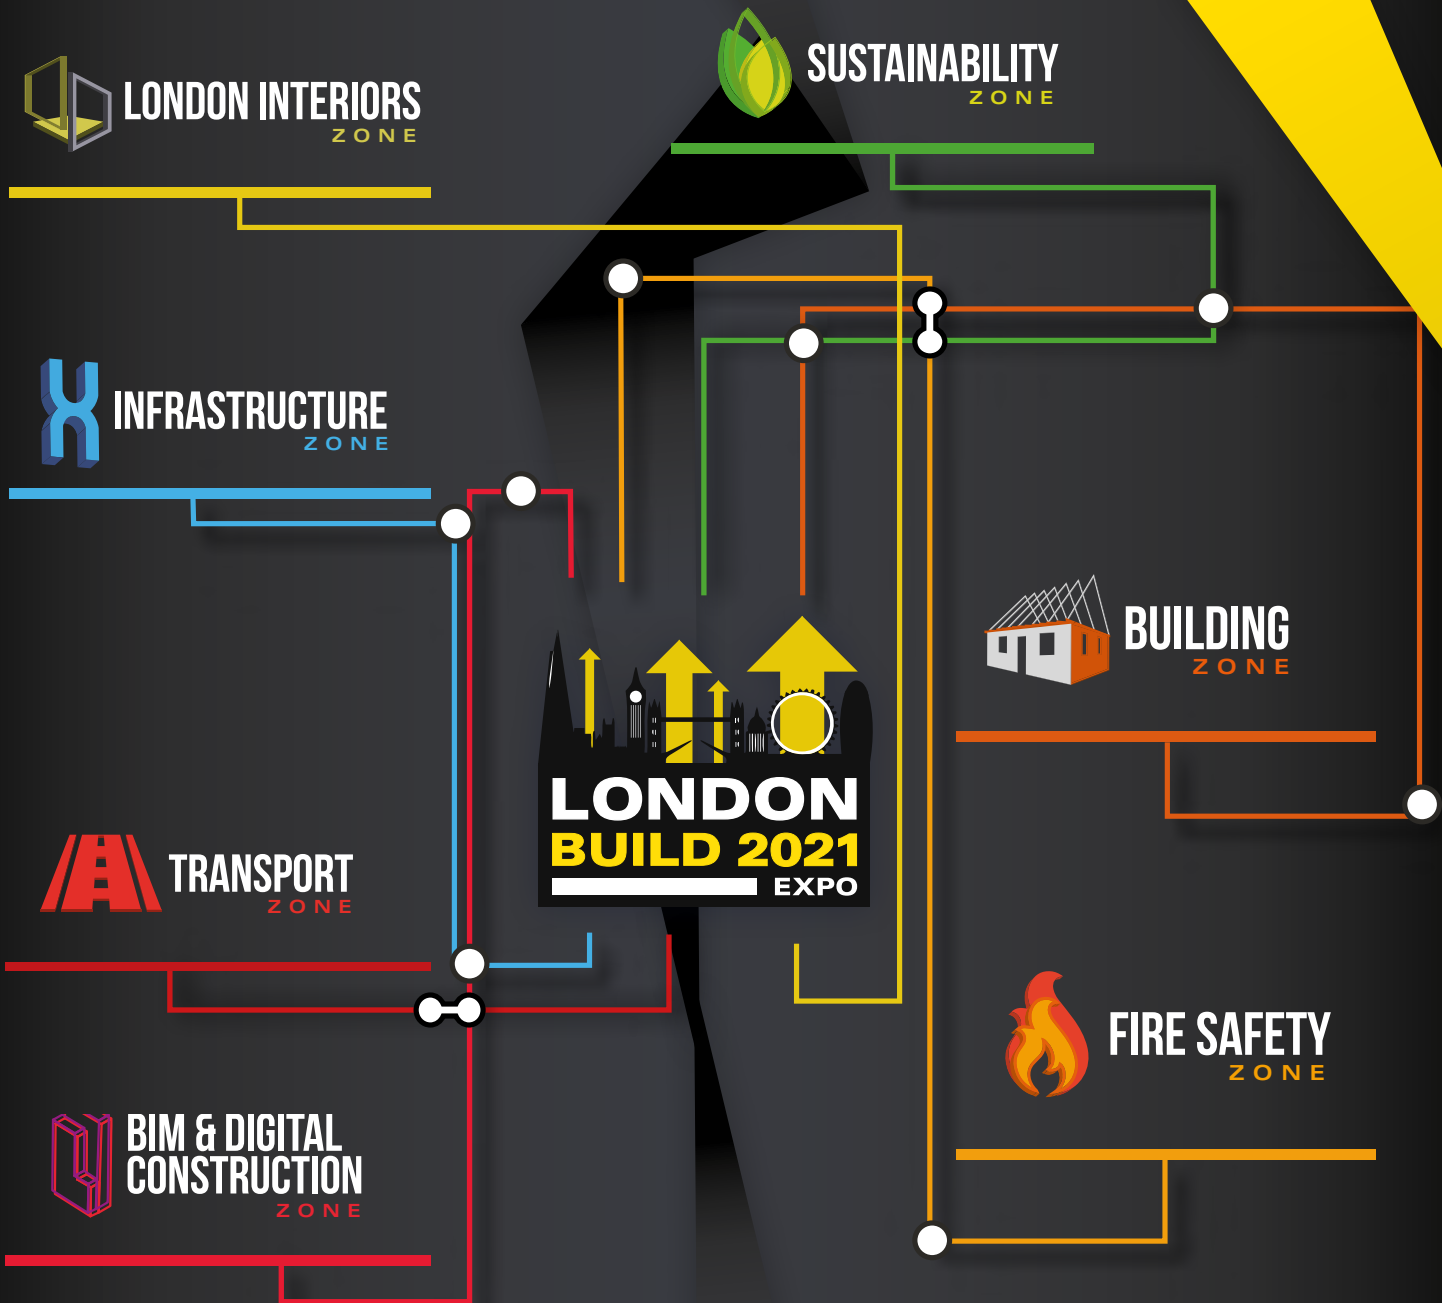

*"The breadth of themes addressed, the opportunity to meet a lot of very interesting people in the industry and the buzzing atmosphere it was all done in – made the London Build show one of the most enjoyable events this year."*  
Raj Kumar Suresh, Senior Urban Designer, Atkins

*"London Build was a very good show for us - the perfect mix of content, networking and essentially quality visitors. It was also a fun show with a tangible buzz. And two days is perfect, focussing visitors and keeping costs low. We re-booked 2020 without hesitation."*

Steve Hancock, Director, Director, Leeuwenburgh Veneers Ltd

*I was invited to attend as a panel member for the Innovation in Health and Safety Session. It was my first visit to London Build Expo and the show exceeded my expectations. It was refreshing to see an array of quality exhibitors who provide excellent opportunities to learn without feeling pressure to buy. A busy 2 days and spoilt for choice with 8 summits and a high calibre of diverse speakers; a valuable opportunity to reflect, learn and network. A must attend event for anybody in the industry. Thank you London Build.*

**Gam Jhutti, Senior HS&E Advisor, Interserve**

*"As a first time exhibitor at this year's London Build we were most impressed with the organisation of the event, the quality and variety of the visitors and feedback from our clients old and new. We had no hesitation in signing up for next year's show."*

"Once again London Build has brought together the key leaders and participants in the London Construction and Built Environment sector, in a very engaging and accessible setting, perfect for connecting likeminded people and businesses. The challenge now is to reach non-likeminded people and business, who all need to be included in our common sustainability journey"

**Martin Gettings, Head of Sustainability, Canary Wharf Group**

"We attended as a visitor for the first time last year and were impressed enough to rebook for this year. The standard of visitors that came to the stand was really good and the variety of roles from MD's to electricians was excellent and some meaningful conversations took place, we met people that we would not have been able to access during a normal working week. It was a well organised event, very easy for the exhibitor and a really good atmosphere throughout, I would recommend that anyone who visited with a view to taking stand space in 2019 should go for it"

**Tim Brown, Technical and Specification Manager, Unitrunk**

"The interest and enthusiasm for sustainability shown at London Build 2018 was impressive and encouraging – fostering real collaboration and innovation to tackle the challenges in front of us is now paramount."

**James Cadman DPhil. MIEMA Cenv, Lead Consultant, Action Sustainability**

It was great to see so many people interested to discuss sustainability related issues in the construction industry. London Build 2018 provided a perfect platform for people to come together to learn about different products, raise awareness and make a difference.

**Nidhi BAISWAR B.Arch, M.Arch (Sustainable Design), BREEM Assessor and AP WELL AP Head of Sustainable Design and Construction, Bouygues**

The London Build Expo was a well organised and attended event. The quality of the speakers and the discussion was high and there was a progressive development of new products and materials on show.

**Mark Hopkins, Associate Director - Project Management, The Portman Estate**

It was great to see Passivhaus and low-energy projects given a platform at such a prestigious construction tradeshow. We received much positive feedback and enjoyed catching up with Passivhaus Trust Awards nominees and winners.

 We've had an outstanding two days at @LondonBuildExpo it has been a ball. The content was excellent and engaging and the show was buzzing. It was a pleasure to be the #LondonBuild #PK partner

"I really enjoyed the Expo and seeing the latest advances in our industry so well presented by the exhibitors. Made a few new contacts and will definitely be back next year and it was a pleasure to be asked to present to my industry colleagues"

**Martin Hickey, Project Leader, Jerram Falkus Construction Ltd**

"London Build was a really enjoyable event with great content and speakers, with the venue facilitating easy networking opportunities in a relaxed but busy environment. I was particularly pleased to see how

We enjoy speaking at London Build as we believe in spreading the word on Digital workflows not only to the "converted" and London Build has a broader scope of attendees. Having a us and counterparts speak at this event will prevent silos of knowledge and help move the construction industry forward to more efficiencies via Digital workflows.

**René van Zwijndrecht, Head of BIM & Digital Design Technologies, EPR Architects**

London Build Expo provided a really exciting and broad range of talks this year. It was particularly good to see sustainability being championed across the various summits. I hope to spend more time there next year.

**Anna Carton, Architectural Assistant and Passivhaus Designer, Prewett Bizley Architects**

London Build Expo was a wonderful event. I particularly enjoyed the balance of like-minded professions and stimulating debate. There was never a moment without something of interest to see.

**Chris Hildrey, Architect, Director, Hildrey Studio**

London Build Expo was a great experience bringing together all facets of building construction and operation. Highly recommended.

**Richard McElligott, Director, Future Decisions**

"London Build 2018 was a great event where I managed to learn

well attended the BIM & Digital Construction summit zone was, with seating at capacity and many delegates standing around all sides. Proof that the interest around BIM, digital construction and general industry modernisation is growing year on year!"
