N SK MD SHAHED UL KALAM

Quality Manager, VIDA Roads

N Sk Md Shahed Ul Kalam is the Quality Manager at VIDA Roads and a broadly experienced civil engineer with more than 20 years of experience across quality management, project delivery and road infrastructure asset maintenance in Australia and overseas.

In his current role, Shahed supports major Victorian road projects by guiding delivery teams and contractors on quality systems, technical compliance and continuous improvement. His experience includes quality assurance planning, document and ITP review, auditing, quality reporting, data analytics, risk management, mentoring and the prevention of recurring non-conformances and defects.

Shahed is a certified ISO 9001 Lead Auditor and holds a Master of Engineering Management from the University of Technology Sydney and a Bachelor of Science in Civil Engineering from Khulna University of Engineering & Technology. He brings strong knowledge of Victorian transport specifications, Codes of Practice, Australian Standards and Austroads guidance, with a practical focus on collaboration, consistency and better project outcomes.

AREAS OF EXPERTISE

- Quality management systems and assurance
- Road and bridge infrastructure quality
- Auditing, compliance and risk management
- Quality data analytics and reporting
- Continuous improvement and lessons learned
- Leadership, mentoring and stakeholder collaboration

Building consistency, preventing recurrence and delivering lasting quality outcomes.
