

BUILDOTS SOLUTION

Buildots is your go-to source of relevant, timely information direct from construction sites.

With site progress captured through a 360° camera and powerful AI comparing plans to reality, it's a way to stay ahead of emerging issues, find discrepancies sooner and respond before problems escalate.

Buildots empowers managers to spend less time chasing information – and more time managing construction.

ACHIEVE 100% CLARITY

RAMP UP TRADES EFFICIENCY

with alerts for missing/
incomplete work

INCREASE TRANSPARENCY

with better visibility
over your projects

PLAN WITH PRECISION

and use objective data
to inform decisions

SAVE MONEY

with predictive
payment insights

RESOLVE ERRORS FASTER

and keep your projects
on-time & on-budget

HOW IT WORKS

PROJECT SETUP

Upload your model and schedule to the platform, allowing the **creation of a digital twin** ready for continuous 360° capture analysis

ONBOARDING

LIVE ON-SITE CAPTURE

We'll provide head-mounted cameras for your on-site teams to capture progress. No special training required

ONGOING

VISUAL ANALYSIS

Builddots will analyze your on-site captures to continuously compare work against your Digital Twin & schedule

ACTIONABLE ALERTS

Builddots' live dashboard and push notifications will keep you up-to-date with progress and discrepancies. As soon as they're uncovered
