

CARTA

by PLOTT 

- Draw complex paths in real-time
- Calculate area (sqft), cubic yards
- Quick & Easy material estimation
- Create, store, and export digital "As-Built"
- Guidance to real-world points
- Spray attachment for marking
- Add notes, images, & videos

Easily Measure & Map

Carta delivers a state of the art, real time mapping and measuring system - displayed directly on your smartphone. Simply wheel along the edges of an area using Carta to digitally capture the shape and dimensions. Carta effortlessly measures ANY curved or freeform shape - then instantly derives square footage, cubic yards/feet, perimeter data, etc. No more squaring off complex shapes then overestimating your material - and inflating your quote. Use Carta to map out a new garden, deck, irrigation systems, and other projects takes only a few easy steps.

Let Carta Do The Math For You

Save time, money, and headaches by eliminating the need to do complex math on the job. Carta is the first digital measuring wheel to virtually map as-builts including irrigation systems, drainage fields, outdoor lighting/sound layouts. Easily calculate distance, square footage, cubic yards with Carta. Save important notes, images, and videos on any project to use later or share with others for fast collaboration. Use Carta's guide mode to relocate selected marks to find buried valve covers, key junction points, ect..

With Carta - quotes are faster and easier saving you time and cost.

Key Features

- Create, Measure, and Reposition Multiple Paths In One File
- Material Estimation Calculator For Quick Cost Estimates
- Guide Mode For Relocating Key Points
- Paint Spray Can Attachment For Marking
- Easy Exporting (DXF, JPG, PLTT)
- Operates with IOS & Android cell phone
- Set Distance Alerts For Fencing Applications
- No Need For GPS, Cell Service, Internet. (Works Anywhere)
- Change Measurement Unit (Feet, Yard, Meter, Inch)
- Import Backgrounds (For Visual Reference)
- IP54 water and dust resistant
- Battery Life 18+ hrs (3 AA batteries)
- 12 Inch Wheel
- Range 9,999.99 meters
