

### ABOUT ABLE EQUIPMENT RENTAL

Since 1996, ABLE EQUIPMENT RENTAL has been a leader in the heavy construction, industrial and infrastructure industry.

Family owned and operated with a dedicated team of specialists, ABLE provides superior customer service and is committed to delivering equipment on time, in exceptional working condition with experienced licensed operators.

ABLE also has a large fleet of fully equipped mobile repair trucks available 24/7. These trucks are a repair shop on wheels with their own tools, supplies, and parts inventory.
