

# Get More with IMAGINiT

**Reduce the impact of today's critical issues facing AEC professionals with unique solutions from IMAGINiT for Architecture, Engineering and Construction.**

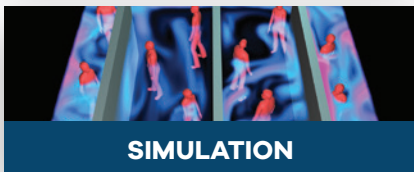

IMAGINiT's extensive bench of **120 technical experts** offer clients an opportunity to succeed with solutions like **Automation, BIM Management, Reality Capture, Simulation, Technical Writing, Software Development, Visualization** and more.

**Save an average 200 hours per Revit project yearly.** Improve project performance, automate time-consuming manual tasks and processes, and gather valuable analytics with IMAGINiT Clarity.

**Create a compelling, immersive experience for your clients** with high-quality images, panoramas and 360° VR videos in seconds with Twinmotion. Breathe life into the project with animated characters, changing seasons and weather, adaptive materials and more.

**Protect your employees, yourself, and your business.** Leverage CFD and FEA simulation to enhance efficiency of HVAC systems, reduce the spread of airborne germs or determine viability of products before going to market without the need for costly prototypes.

## Free for IMAGINiT Clients
