CONNECTING THE INDUSTRY COMMUNITY

SYDNEY BUILD IS AUSTRALIA'S LARGEST CONSTRUCTION AND DESIGN SHOW!

Proudly supported by the NSW Government and the Lord Mayor of Sydney, the glowing feedback from exhibitors and attendees speaks volumes.

Celebrating it's 10th year, Sydney Build Expo has become Australia's leading and largest event for the construction, architecture and infrastructure industry. Featuring four major shows under one roof—Australia HVAC&R, Digital Construction Australia, and the International Construction Expo—Sydney Build is the ultimate hub for the industry.

Drawing thousands of top-tier attendees from across Australia's construction and architecture sectors, this event offers unparalleled opportunities to connect with key buyers, discover upcoming projects, and generate thousands of new business leads.

New South Wales

Premier of
New South Wales

Re: Sydney Build Expo

On behalf of the NSW Government, I extend my best wishes to everyone attending the 2026 Sydney Build Expo.

In less than a decade, this expo has grown to become the nation's largest showcase of the ideas and innovations shaping the future of construction, architecture and infrastructure.

From modern methods of construction that can help us build faster and smarter, to meeting housing demand with design that puts people first - Sydney Build is helping drive the kind of forward-looking discussion we need to support a strong and sustainable industry.

That conversation is critical for New South Wales, where the construction sector plays a vital role in delivering the homes we need, the infrastructure we rely on, and the jobs that families and communities depend on.

I'm delighted to support this event and the many industry and government representatives who make it a success each year.

All the best for the expo!

Chris

The Hon Chris Minns MP
Premier of the State of New South Wales
in the Commonwealth of Australia
