International exhibition

A FREE to ATTEND exhibition, showcasing 75+ international companies and 35+ live workshops. The event is expected to attract a large audience of professionals looking to learn about the benefits of an integrative and personalised approach to medicine.

An international exhibition **incorporating** three conferences:

whole-person health CONFERENCE 22

16 JUNE 2022

Sharing presentations from global leaders alongside case studies and real-life examples from doctors, therapists and practitioners that are using whole health personalised approaches to transform the way they are providing healthcare.

food + prescription CONFERENCE 22

17 JUNE 2022

College of Medicine will be hosting their fourth one-day conference, focussing on food as medicine to prevent and treat many of the chronic diseases that we face today. It will highlight the link between good nutrition and optimum health and the role it plays in building a sustainable and healthy planet.

Integrative mental health CONFERENCE 22

18 JUNE 2022

This event will highlight the benefits of combining nutrition, lifestyle, social prescribing, psychotherapy, cannabinoids, psychedelics and a range of complementary therapies to provide solutions to support the mental health conditions that are having a profound effect on society today.
