MORE

Integrative Medicine...

Brings together, in a mutually respectful way, conventional, lifestyle and holistic approaches to support health and wellbeing

- Prioritises wellness and resilience
- Supports balance and vitality
- Optimises health and reduces disease risk
- Empowers patients and clinicians by offering diversity and choice

**Diploma in
Integrative Healthcare**

Lifestyle & Holistic approaches look like...

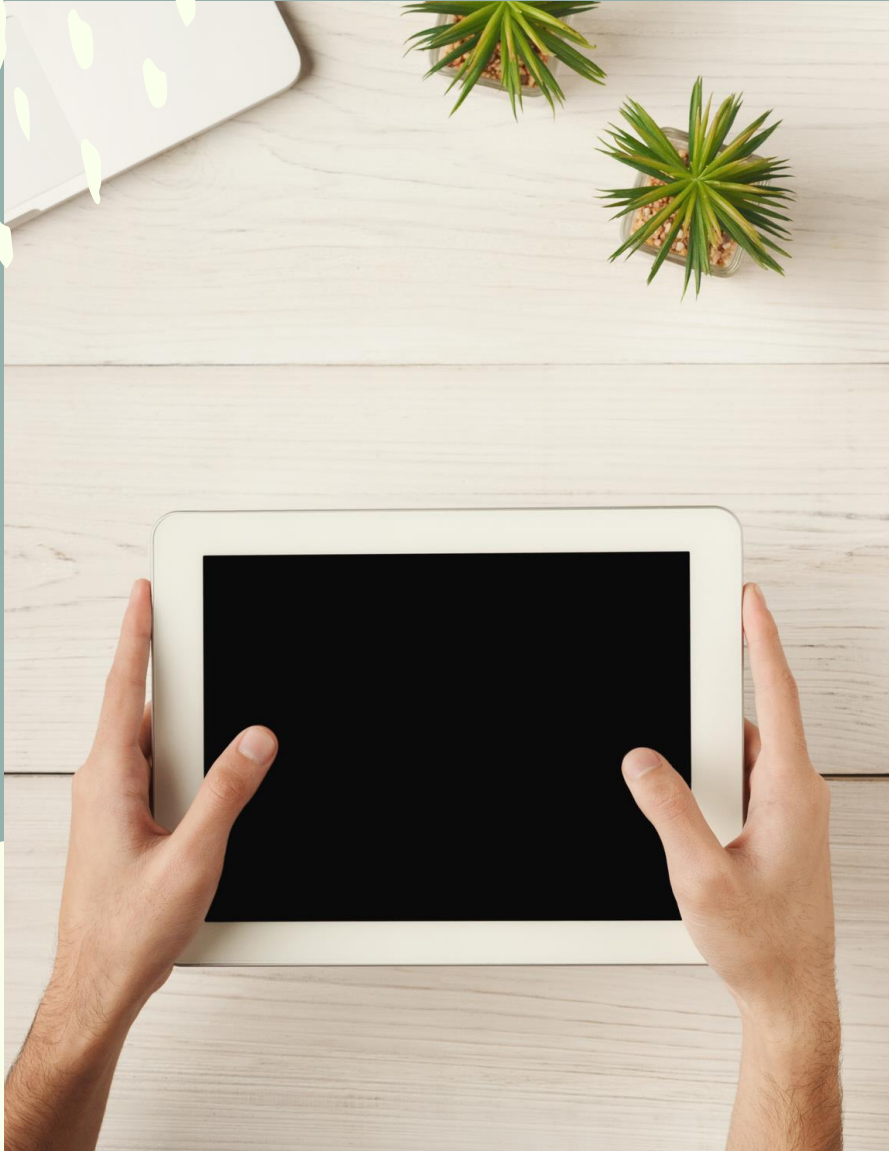

Traditional Chinese Medicine
Osteopathy
Meditation Yoga
Arts in Health Movement
Mindfulness Ayurveda
Green Care Hypnosis
Nutrition Functional Medicine
Massage Acupuncture
Qi Gong Homeopathy
Naturopathy

@ncimhealthcare

The IH Diploma aims to provide

- Sound knowledge of Integrative Medicine
- Range of approaches & management of conditions
- Holistic management in the community, e.g. social prescribing
- Self-confidence and skills in holistic assessment
- Leadership and self care

What to Expect

The Diploma is based on achieving 120 credits at Master's level (10 hours per credit)

Part time study, blended learning, online

Three intensives per year- now two online and one face to face

Learners are expected to see patients on a regular basis throughout the two years
