Your route to market...

& Innovation

Celebrating its 14th edition, the biennial Natural Stone Show is the only UK exhibition dedicated to natural stone. If your market place is stone slabs, tiling or block; CNC machinery; diamond tooling; the latest fixing systems; sealants; adhesives; cleaning materials or any other related product or service, then the Natural Stone Show is the perfect platform to develop your business.

Located at ExCeL London in the Royal Docks area, the Show is at the centre of the largest construction zone in Europe. Benefit from major commercial, residential and retail developments recently approved including the £1.5 billion project to transform Silvertown Quays into London's innovation quarter and the £6 billion investment to convert Royal Albert Dock into the capital's next business district.

The show also hosts a plethora of visitor features to attract building professionals and key decision makers within the stone industry including over 50 hours of CPD-accredited seminars; awards galleries; the MaterialDistrict

zone showcasing innovative new products; the Stone Federation Village; a dedicated conservation area; a VIP buyers programme; and much more...

Crossrail

Europe's largest infrastructure project, Crossrail, is a brand new, £15 billion railway that will transform the way people travel across London, providing world-class connectivity and enabling ExCeL London to be one of the most accessible venues in the world.

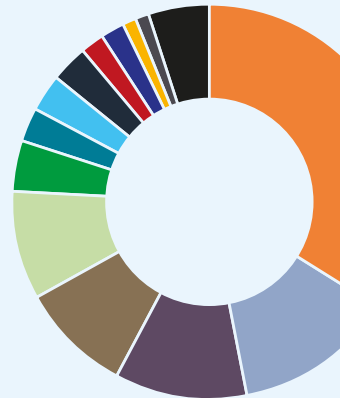

Open by 2023, a dedicated Crossrail station at Custom House for ExCeL will significantly reduce travelling times. The whole of London will be brought within a 45-minute range making it even easier for building professionals to visit your stand.

If you're serious about the UK market, the Natural Stone Show offers exciting opportunities for exhibitors to pitch for new projects and find new distributors.

The Venue

Located in London's Royal Docks, ExCeL is part of a 100-acre campus, including three on-site DLR stations, eight on-site hotels and numerous bars & restaurants.

www.excel-london.co.uk

Crossrail

By 2023 a brand new train service will open that will change the face of London. It will be known as the Elizabeth Line and cut journey times to ExCeL from Reading and Heathrow in the west, to Shenfield and Abbey Wood in the east.

For more information visit:

www.crossrail.co.uk

Tube, DLR & Train

The Jubilee Line is recommended as the quickest route to ExCeL. Alight at Canning Town and change onto a Beckton-bound DLR train, for the quick 2-stop journey to Custom House for ExCeL (West).

For national train connections call 08457 48 49 50 or order advance tickets online at www.thetrainline.com

Cable Car

From the O2 visitors can use the Emirates Air-Line Cable Car for the quick 5-minute connection to ExCeL London.

www.emiratesairline.co.uk/information

Road

Follow signs for Royal Docks, City Airport and ExCeL. There is easy access from the M25, M11, A406 and A13. ExCeL is not located in the Congestion Charge zone.

For Sat Nav purposes use postcode E16 1FR. 3,700 car parking spaces are available on-site.

Air

Use London City Airport (LCY), whenever possible. Located 5-minutes from ExCeL by taxi or 10-minutes by DLR, the airport offers 350 flights per day, from 46 international destinations.

www.londoncityairport.com

Carbon Footprint

Car sharing reduces the show's carbon footprint, so please try to travel with colleagues or take public transport!

Accommodation

The ExCeL campus boasts an impressive eight hotels meaning a good night's sleep is never more than just a few minutes' walk from the exhibition. Hotels include the budget Ibis and Premier Inn; mid-range Novotel and DoubleTree by Hilton; luxury Crown Plaza and Aloft London ExCeL; and even a floating hotel, the Sunborn London.

Open Times

10am – 5pm each day
