and
much
more...

Join the **number one event** for the UK concrete community...

Under the new ownership of The QMJ Group, the 2024 UK Concrete Show welcomed 20% more exhibitors and generated a 33% uplift in visitor attendance.

The 2025 edition is set to expand even further following our recent acquisition of Concrete Expo. This will enable The UK Concrete Show to bring the whole concrete community together under one roof at the NEC, Birmingham from 26-27 February 2025, creating a single, concentrated event that serves the whole breadth of the concrete market, and delivers an unprecedented audience to exhibitors.

Returning to the NEC's Hall 17, where outdoor space is also available on special request for big plant, 70 per cent of the floorplan has already been allocated. Located in the centre of the country, the show is within three hours' drive of 75% of the UK population, providing an unrivalled platform for exhibitors to meet key decision makers from across the concrete supply chain.

Our event is THE annual meeting place for the trade to see new products in person, network, and keep up to date with all the latest developments in the sector. Susannah Streeter returns to host an extensive seminar programme from the Concrete Connect Theatre, as industry experts join her to debate the main themes driving the sector. Whilst a range of exciting new visitor features will be launched in the autumn, which promise to both champion new talent, and shine a spotlight on the latest product innovations improving productivity and sustainability across the concrete market.

As the most used construction material both domestically and globally, concrete can be seen throughout the UK build landscape, from commercial projects such as Two St Peter's Square, Manchester and the new Everton FC stadium at Bramley Moore Dock, to essential infrastructure such as Hinkley Point, the Elizabeth Line and HS2. The British concrete industry directly employs over 70,000 people, producing upwards of 90 million tonnes of concrete every year in various forms. One of the best ways you can target and influence this important but hard-to-reach sector, is by exhibiting with us!

The UK Concrete Show, your route to the UK & Ireland market.

Find your community

Recognising the marketplace is an amalgamation of smaller communities, strides have been made to work with associations and societies representing a variety of groups. The UK Concrete Show aims to attract each facet of the market, offering a hub for anyone working in this diverse industry.

This year new partnerships have been forged with The Graphene Council and the Association of Concrete Industrial Flooring Contractors. Some partners host regional meetings and AGMs during the show days, such as The Concrete Society. Others attend to highlight and promote best practice and advice.

If you are working with an association and feel they could benefit from representation at the show, please get in touch.

The Concrete Society
Your concrete community

The Concrete Society is a member based body, with no affiliation to Trade or corporate organisations and is proud to be recognised as independent. The Society has built on its technical base to become a leading provider of information serving the needs of clients, architects, engineers, specifiers, suppliers, contractors and users of concrete, with emphasis on quality and competitiveness.

Bringing together contractors, material suppliers and service providers, ACIFC's key objective is to raise standards in flooring technology, and members are at the forefront of innovation in design, materials and construction techniques. With its breadth of representation, ACIFC is unrivalled when it comes to providing concrete industrial flooring experience.

"The Graphene Council is really pleased to work with the team at UKCS to help bring accurate and up-to-date information to cement and concrete professionals, helping them to understand how graphene is being used to reduce embedded carbon while improving concrete performance at the same time. We can also help the cement and concrete sector find suitable and qualified graphene suppliers to work with."

For more than 100 years the Institute of Quarrying has been supporting people working in the mineral products industry. We are the only professional body with the history, knowledge and international experience to advise both individuals and businesses about the skills, training and personal development needs required to build successful industry careers.

The British Aggregates Association was formed in 1999 and is now firmly established as the voice of the UK's independent SME quarry operators. The BAA is run on a daily basis by people experienced in all aspects of the minerals industry.

The Venue

NEC Birmingham

The NEC, Birmingham is the UK's leading event space with over 40 years' experience hosting the UK's best shows.

Centrally located at the heart of the country, it's within 3 hours drive from 75% of the UK and offers accommodation, restaurants and much more.

The UK Concrete Show returns to Hall 17 for 2025, and includes an outdoor area for large plant.

P Parking is provided courtesy of the organisers

Air

Located in close proximity to Birmingham Airport, simply take the free and fast air-rail link to Birmingham International Railway Station located at the upper level of Terminal 1. The train runs every two minutes and only takes 90 seconds. When you arrive just head straight through to the NEC.

Train

The NEC is located just a 5 minute walk away from Birmingham International Railway Station.

Road

Located in the centre of the UK's motorway network. Near junction 6 of the M42. The exhibition centre boasts over 16,500 parking spaces, which means less time searching for a spot, and more time enjoying our show.

Accommodation

There are over 8 nearby hotels to choose from, offering a variety of options and prices. From Moxy, The Genting, Novotel, Hilton Birmingham Metropole, Ibis, Premier Inn, Holiday Inn Express, Arden Hotel & Leisure Club to name but a few.

Cycling

The best and safest way to get to us by your own steam is to use the shared cycle footpath route to Birmingham International Railway Station and then the NEC is a short walk from there, it should take you about 10 minutes.

Open times

Show hours are

Wednesday 26 February 2025 –
09.00 to 17.00

Thursday 27 February 2025 –
09.00 to 16.00

Information

Information on all aspects of the show is available from **www.concreteshow.co.uk** and the organisers can be contacted at:

The UK Concrete Show 2025

Book your stand

The UK Concrete Show is now taking bookings for the 2025 exhibition.

Space Only £310 per m²

Space only just includes carpet (unless stated otherwise). Stand designs are subject to health and safety approval, any electrical requirements for lights etc will need to be ordered and paid for additionally.

Please note, a charge of 5% is applicable to corner and island stands

Shell Scheme £385 per m²

Includes walls, carpet and nameboard, 2 chairs, 1 table.

The easiest way to exhibit, simply book an electrical package for lighting and power (starting at £195 not included in the cost) and meet potential customers.

Please note, a charge of 5% is applicable to corner and island stands

Contact us

For details on stand availability, contact us by phone on **+44(0)115 865 8283** or email david@concreteshow.co.uk, charlotte@concreteshow.co.uk, or matt@concreteshow.co.uk

Big Kit Rate £205 per m²

Minimum of 60m² must be booked. Includes just carpet. The stand must be an island position with 4 open sides. Electrical sockets can be ordered at an additional cost.

Please note, a charge of 5% is applicable to corner and island stands
