# CLOUDCYCLE

Smarter concrete.
Smaller footprint.

Scan me

Digital Quality Monitoring for your Operations.

Real-time, in-transit data for unrivaled visibility. Reduce your waste, increase your bottom line.

Batching 08:59 BST	Mixing 09:01 BST	Left the Plant 09:11 BST	Arrived at Site 09:30 BST	Water Addition 09:37 BST	Mixing 09:40 BST	Started Pouring 09:40 BST	Exit Site 09:50 BST
		180 mm	160 mm	20L		180 mm	

Key Benefits:

Operational Intelligence
Move from reactive to predictive management.

Uncompromising Quality
Ensure every single load meets high standards, every time.

Efficiency at Scale
Maximise the productivity of your fleet.

What we can we do for you?

1 Eliminate rejected loads

2 Increase plant throughput

3 Reduce cement contents
