

PIPE & PRECAST

FROM START TO FOREVER—BESSER HAS YOUR BACK.

Whether you're a producer with one location or representing a major corporation with large-scale operations, Besser has your back from start to forever. Our communities are built on top of resilient infrastructure, so we feel a deep sense of pride in being a part of these projects—just like you do. Make it reliable. Make it proud. Make it Besser.

WHY CHOOSE BESSER FOR PIPE AND PRECAST?

We're industry leaders with proven expertise.

Besser has been a trusted name in the industry for more than 120 years. We pioneered the Bidirectional Rollerhead System, and we haven't looked back. Consistency and precision are key, and the BiDi® Family of Machines does it best.

Our fleet of pipe machines, shape machines, and precast forms produce the concrete elements critical to all infrastructure projects.

Customization and engineered solutions are guaranteed.

Besser doesn't just supply equipment—we engineer solutions that make production easier and more effective for our customers. We offer equipment that meets customer specifications and produces the highest-quality concrete products.

We have expertise around the globe.

We serve customers across multiple countries which has given us an understanding of regional variations in pipe joints and other specifications. Our team has decades of experience working with codes and standards around the world.

The Besser promise—unmatched customer support.

Our team includes industry professionals who understand real-world production challenges and can help you solve them. Our support is on-site and hands-on, whether you're using Besser for the first time or you've been with us for decades.
