

MOLDS

WE THINK OUTSIDE THE MOLD.

At Besser, we don't just make molds—we engineer performance. Our thorough understanding of concrete performance throughout the entire machine cycle allows us to design molds that consistently produce high-quality units, cycle after cycle. From small pallet to big board molds, we specialize in every aspect of the production process.

With today's advanced technology, the possibilities for unit shapes, sizes, and textures are limitless. If you can imagine it, we can make it a reality—whether you operate a Besser or non-Besser machine.

CUSTOMIZE IT. MOLD IT. MAKE IT.

Besser manages the entire engineering and manufacturing process in-house, minimizing reliance on external suppliers. This benefit, combined with our vast inventory of mold parts, ensures you receive your products promptly. Plus, our commitment to quality guarantees reliable performance.

When you choose Besser as your mold partner, you're working with a company whose reputation is built on ingenuity, quality, reliability, and confidentiality when required. Bringing concrete products to life is our business.

OUR MOLDS MAKE A BIG IMPRESSION.

Besser exceeds all expectations every time.

BENEFITS OF BESSER MOLDS

- Precision engineering and design.
- Large inventory of standard parts for immediate delivery.
- Manufactured to specific standards by experienced staff using state-of-the-art equipment.
- Customer-specific drawings and manuals for easy parts ordering.
- Supported by experienced field-based sales and service representatives.

BESSER MOLDS HAVE A REPUTATION FOR QUALITY AND EXCEPTIONAL WEAR LIFE.

Small Pallet and Big Board Molds

Designing Molds for Any Production Need

We design and manufacture molds, mold parts, and machines for concrete producers worldwide. Every mold stands to the high performance and reliability you can expect from Besser.

Core Pullers

Unlock Design Possibilities

Adding a core puller to your concrete products machine allows you to produce a wider variety of complex masonry units. The core puller enables you to create additional openings in the concrete unit, giving you unmatched versatility in design.

Mold Jigs

Enhancing Safety and Ease of Maintenance

Besser molds are designed to be rebuilt and used for years. A mold jig improves plant safety by securely holding molds while working on them.

Licensed Products

Innovating with Partners for the Future

Besser collaborates with inventive entrepreneurs to bring their product ideas to life. Our expertise in engineering and manufacturing turns innovation into market-ready solutions.

MAKE IT WITH BESSER

Whether you're new to the industry or a seasoned professional, Besser is the **trusted, single-source supplier for concrete products manufacturing equipment and services**. From day one, we're with you—guiding your success with customized solutions and 24/7 expert support. Our partnerships begin long before the sale and continue well beyond, built on innovation, reliability, and a commitment to helping your business thrive.
